Staff Members

Sharon Carpenter Republican Analyst

Andrew Loucks Democratic Analyst

Dear Representative _____,

I am one of your constituents and am writing about HB 2092 which was introduced by Rep. Finchem. Arizona has a proud heritage of supporting the mining industry, its mine owners and miners. Arizona is one of the few states in the Union that does not have a state mineral. It is time Arizona officially recognize wulfenite as one of its great mineral specimens. Wulfenite is a vibrantly colored mineral which has been collected in over 250 Arizona mines since Territorial days. Arizona specimens of wulfenite are featured in museums and private collections around the world. Please sign on as a co-sponsor of HB 2092 which if passed and signed into law would make wulfenite the official Arizona state mineral.
