

American Society of São Paulo Campinas Chapter

"The smallest deed is better than the grandest intention."

-Roger Nash Baldwin, American Civil Rights Activist

WHO WE ARE

The American Society of São Paulo was founded in 1950 with a mission to promote unity through philanthropy, volunteerism, cultural integration, and education.

The Board of Governors has 20 seats that represent the diverse population of São Paulo.

AmSoc supports and partners with children-focused charities, multi-national corporations, schools, social organizations, and government entities.

CAMPINAS CHAPTER

AmSoc-Campinas is an international nonprofit membership association working to make a difference in the lives of at-risk children. We provide targeted events and programs focused on community outreach, families, social and professional networking, and culture and tradition. AmSoc-Campinas also provides a substantial support network for international expatriates, repatriates, and newcomers.

Proceeds from AmSoc-Campinas events support the critical needs, projects, and programs of our incredible charity partner, Grupo Primavera.

COMMUNITY PARTNERS

AmSoc-Campinas is partnering with Escola Americana de Campinas to develop sustainable community outreach programs that will bridge peer-to-peer mentoring and innovation in education.
