## **Disclaimers**

At Steeda, we strive to provide the most accurate information at all times. However, certain changes in standard equipment, options, prices, availability or delays may occur that may not be reflected in this website. Options shown or described are available at extra cost and may be offered only in combination with other options or subject to additional ordering requirements or limitations. Some vehicles shown in our digital photography may be equipped with optional equipment other than what is indicated.

1. All prices shown are Manufacturer's Suggested Retail Price (MSRP). Please note that this excludes destination/handling, tax, title, license, and any applicable retailer and or registration fees, all of which are due at signing. Retailer price, terms and vehicle availability may vary. See your local authorized Steeda Performance Vehicles dealer for specific details.
2. All figures are estimates based on engineering prototypes and dyno / controlled condition tests and evaluations. Actual figures may vary.
3. Always obey local speed limits. Steeda does not encourage unsafe or illegal driving at any time. Always wear your seatbelt and obey all traffic laws and regulations.
4. Most features are not a substitute for driving safely with due care and attention, and will not function under all circumstances, speeds, weather and road conditions. The driver should not assume that any features will correct errors of judgment in driving. Please consult your vehicle's owner's manual or your local authorized Steeda Retailer for more details.
5. Driving while distracted may result in loss of control of a vehicle. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones, and other devices, even with voice commands, when it is safe to do so and as allowed by the jurisdiction you are driving in.
6. Please remember that the safety belts in a vehicle constitute the primary protection system for driver and passengers in collisions. The airbag system is a supplement to the safety belts and is designed to work as a system with the safety belts. Although airbags provide additional protection, airbags without

safety belts do not provide optimal protection in a crash. Always wear your safety belts. Children younger than 13 years old should always be properly restrained in a back seat, away from airbags. Never place an infant seat in the front seat.
