

Steeda Performance Vehicles

Limited Vehicle Warranty

Steeda Performance Vehicles is proud to offer purchasers of our vehicle a comprehensive vehicle warranty which is subject to certain limitations and disclaimers further identified below.

This document provides a detailed overview of the Steeda Performance Vehicles Limited Warranty. For specific details, you can refer to the information below, or contact your Ford Motor Company Dealer who authorized to sell Steeda Performance Vehicles. In addition, you may also contact us directly on telephone number 954-633-5240 or send an email to vehicles@steeda.com.

Key is to Maintain Your Vehicle Properly

It is imperative that you closely follow the Ford Schedule Maintenance Guide for maintaining your vehicle. In addition, you must maintain the proper records of the maintenance work and preventive maintenance work that has been performed on your vehicle. Please realize that proper vehicle maintenance is the sole responsibility of the vehicle owner. Steeda Performance Vehicles Performance Products and/or Ford Motor Company may deny you warranty coverage if you fail to keep records and receipts that verify vehicle maintenance specified in the Ford Schedule Maintenance Guide has been performed.

Start Date of your Steeda Performance Vehicle's Warranty

Your Steeda Performance Vehicles new vehicle warranty begins either the day you take delivery of your new vehicle or the day it is first put into service (for example, as a dealer demonstrator), whichever occurs first. The vehicle's original in-service date/sold date or official Ford Motor Company warranty start date is determined by the Ford Motor Company Dealer On-Line Service Information System (OASIS) system. Should you require warranty repairs to any Steeda Performance Vehicles part on your vehicle, we recommend that you take your vehicle to an authorized Ford Dealer that sells Steeda Performance Vehicles for service, or to one of our national service centers.

Payment of Covered Warranty Repairs

You will not be charged for covered warranty repairs made during the warranty periods identified in the Steeda Performance Vehicles Limited Warranty for those Steeda Performance Vehicles parts installed by Steeda Performance Vehicles. All initial warranty claims are processed through your dealer and approved by Steeda Performance Vehicles Performance LLC.

Should Your Vehicle Need Service

Steeda Performance Vehicles LLC has authorized specific Ford Dealers to sell and service our vehicles. In case a service need arises, we suggest you contact your selling Ford Dealer for service. Alternatively, you may also take your vehicle to any authorized Ford Dealer that sells Steeda Performance Vehicles for service repairs. Should you have a warranty claim under this warranty, please contact your local Ford dealer that sells Steeda Performance Vehicles or contact Steeda Performance Vehicles directly at on telephone number 954-633-5240 or send an email to vehicles@steeda.com .

Should You Need Emergency Repairs

Should you encounter an emergency where neither an authorized Ford Dealer that sells Steeda Performance Vehicles, nor any authorized Ford Dealer is available to repair your vehicle and you must have repairs made by someone else, Steeda Performance Vehicles may reimburse you for the cost of repairs (within reason) with our written prior approval. Be sure to obtain the parts that were replaced along with a receipt for the repairs. Present both to your local authorized Ford Dealer that sells Steeda Performance Vehicles who will work with Steeda Performance Vehicles to determine if the repair is warrantable and reimbursement is justified.

Customer Satisfaction is Our Priority

Customer satisfaction is one of the primary objectives of Steeda Performance Vehicles and we make every attempt to ensure that owners of our vehicles are satisfied with their purchase. In that accord, we understand the importance of retaining customer satisfaction with their vehicle purchase – and to assist in this effort, we must rely on the support of the authorized Ford Division Dealers that sell our vehicle so that proper customer relations are maintained.

Should you have any questions regarding service, or if you have any issues with your Steeda Performance Vehicle purchase or usage, please follow the following steps:

1. Contact the salesperson that sold you the vehicle, or if it is a service issue, contact your selling dealership's service advisor.
2. If your concerns remain unresolved, please contact the dealership's Sales Manager or Service Manager
3. Should your problem or issue still be unresolved to your satisfaction, please feel free to contact Steeda Performance Vehicles directly and one of our personalized Performance Vehicle Concierges will assist you with your concern.

Changes in Production Vehicle Content

Steeda Performance Vehicles and those authorized Ford Division Dealers that are authorized to sell Steeda Performance Vehicles reserve the right to make changes in vehicles at any time without incurring any obligation to make the same or similar changes on vehicles that were previously built or sold.

Foreign Warranty Coverage

The Steeda Performance Vehicles Limited Warranty described here applies to your vehicle if:

- It was originally sold or leased by an authorized Ford Division dealer in the United States, Canada, or U.S. Federalized Territories that sells Steeda Performance Vehicles, and was originally registered/licensed and operated in the United States, Canada, U.S. Federalized Territories, -or-
- It was originally purchased through the Ford Motor Company Export Operations Military Sales Program.

If you meet either of these two requirements, you have Steeda Performance Vehicles warranty coverage when you travel with your vehicle outside of the United States or Canada. In some cases, you may have to pay the servicing authorized Ford Dealer in a foreign country for a repair that is covered under the Steeda Performance Vehicles warranty. If this occurs, be sure to save the paid repair order or invoice. For refund consideration, you should present your paid receipt to your North American authorized Ford dealer that sold you your vehicle.

Coverage Under the Steeda Performance Vehicle Warranty

The vehicle is covered for the original purchaser of a new, genuine Steeda Performance Vehicle that has been modified by Steeda Performance Vehicles with genuine Steeda parts and components (individually and collectively called "Steeda part(s)") and purchased from an authorized Ford Division Dealer that is also authorized to sell Steeda Performance Vehicles. This Limited Warranty is transferable from the original purchaser to subsequent owners within the defined warranty period. The term "Steeda part(s)" as used in this Limited Warranty includes all Steeda Performance Vehicles installed parts and components on the vehicle, unless the part is separately called out in this warranty.

Warranty Coverage For Non-Emission Steeda Performance Vehicles Part(S)

The warranty period for Steeda Performance Vehicles part(s) (other than emissions-related Steeda Performance Vehicles part(s)) will be the first to occur of 3 years or 36,000 miles; this is subject to the limitations of coverage and exclusions specified below. Note that the Warranty Start Date is determined by the Ford dealer OASIS (On-Line Service Information System) report (as stated above).

When installed, Steeda Performance Vehicle part(s) will void the Ford warranty as it pertains only to that specific part or component (i.e. a Steeda Performance Vehicles suspension package sway bar will only void the Ford suspension sway bar warranty – because the original Ford Motor Company part is no longer on the vehicle). The Steeda Performance Vehicle warranty only covers defects in materials and workmanship of Steeda Performance Vehicles part(s) and their installation, from the date and mileage your vehicle is first put into service. During the warranty period Steeda Performance Vehicles will in its sole discretion repair, replace, or adjust any defective Steeda Performance Vehicle part(s) on the vehicle or other substantially damaged areas on the vehicle that arise as a direct result of interaction with the defective Steeda Performance Vehicle part(s). A replaced Steeda Performance Vehicle part(s) or component assumes the remaining warranty of the original replaced. Steeda Performance Vehicles reserves the right to improve or modify any Steeda Performance Vehicle part(s) without assuming any obligation to update or replace any previously manufactured and installed Steeda Performance Vehicles part(s).

Limitations Of Warranty Coverage

Steeda Performance Vehicles LLC (SPV) warrants all SPV installed powertrain components, and those parts which they affect, for 3 years or 36,000 miles (60,000 kilometer), whichever comes first, on all of our models. All other SPV non-powertrain components are covered by SPV's 3 year/36,000 mile

(60,000 kilometer) non-powertrain warranty. The Ford Motor Company warranty remains in effect for all other systems and components.

Alignment – Your vehicle is aligned as part of our build of the vehicle. Any future alignments are the responsibility of the vehicle owner.

Wheel Balancing – Wheel and tire assemblies are balanced by Steeda Performance Vehicles and typically will not require adjustment. If balancing is needed, it is the responsibility of the vehicle owner.

Tires – The Nitto tires that may be fitted to your Steeda Performance Vehicle's wheels are separately warranted by the tire manufacturer. Information about the tire warranty is listed at www.nittotire.com. Alternatively, should the stock Ford Motor company wheels and tires they fitted are retained on your vehicle, then the standard Ford warranty for wheels and tires is applicable.

Steeda Performance Vehicle Body Components and Custom Paint Work – Paint concerns that are cosmetic in nature, such as runs, fisheyes, and similar situations for Steeda Performance Vehicle body parts (e.g. spoilers, facias, and custom paint work) are warranted for 12 months or 12,000 miles, whichever occurs first.

Supercharger Equipped Vehicles – If your new Steeda Performance Vehicle is equipped with a Whipple Supercharger that was installed as part of our Steeda serialization build, the Warranty Coverage for the supercharger and the vehicle's engine is provided directly by a separate warranty program that Whipple Superchargers has established and it is subject to the terms and conditions of that specific program. Should the unlikely need for warranty coverage occur for the supercharger and/or engine, Steeda Performance Vehicles will provide direct assistance for you as needed in determining the specific issue at hand, communicating the identified warranty issue and representing you as needed in the process of obtaining warranty coverage under Whipple Supercharger Warranty Program. A copy of the Whipple Superchargers Customer Warranty Registration Form follows at the end of this document and is subject to the limitations specified in their warranty program. Additionally, a completed Whipple Warranty Certificate would have been mailed to you shortly after purchase of the vehicle.

Emission Warranty Coverage

The Steeda Performance Vehicle alterations may not change any of the emission systems' functions or components on your new vehicle. With that being said, for those systems or components that are unchanged, the emission systems and components are covered by the standard Ford Motor Company new vehicle warranty program and conditions. Should any emission component be modified or altered by an installed Steeda Performance Vehicle modification component, the Steeda Performance Vehicle component will be warranted by us according to

the original Ford Motor Company terms and conditions.

Note that the Emission Defect Warranty and the Emission Performance Warranty policies begin on the date the vehicle is first put into use and continues for the time period warranted by Ford Motor Company.

For California Emission Control Systems Warranties:

This warranty applies if your vehicle meets both of the following requirements:

Your vehicle is registered in California or other states adopting California emission and warranty regulations (currently Connecticut, Massachusetts, New Jersey, New York, and Rhode Island) and that your vehicle is certified for sale in California as indicated on the vehicle's emission control information label and the corresponding CARB Certification Certificate.

Please reference your Ford Motor Company Warranty Booklet for further details on emissions warranty coverage and emissions related part listings. The type of failure will determine which warranty will cover the repair, the Ford Motor Company Warranty or the Steeda Performance Vehicle Warranty.

Steeda Performance Vehicle LLC does not authorize any person to create any other obligation or liability in connection with these vehicles. You must provide the Vehicle, with free and clear title, to the Administrator before it will pay to You the actual cash value. Our obligation under this Warranty shall be to replace covered components with new or Whipple certified re-manufactured parts, as shall be necessary to remedy covered defects in material and/or workmanship. Whipple reserves the right to improve the design of any kits without assuming any obligation to modify any part previously manufactured or installed on a Vehicle.
 - EXCLUSIONS** - This Warranty only applies to defects in material and workmanship.
