

I am happy to introduce you to the Utah State University chapter of the **Student Academy of Audiology** (SAA). SAA is a service oriented student organization consisting of graduate students in the Doctor of Audiology program. They are committed to helping communities within the realm of audiology. SAA students and audiology faculty provide service locally and travel to various countries on an annual mission, known as *Mission From The hEARt*. They volunteer time and expertise to remote areas that lack hearing healthcare and are in need of professional attention. Since 2004, SAA has organized and been involved in annual missions to various cities in Mexico, Costa Rica, the Dominican Republic, El Salvador, and Africa. Many patients in these remote areas have never had access to hearing healthcare and often require professional attention and intervention. Through SAA's services, these missions have proved to be a success in helping many, and an unforgettable experience for all involved.

We have supported our efforts for this non-profit organization through ongoing fundraiser efforts. We are asking for your financial support in bringing hearing healthcare to those in need. Your charitable donation will assist in financing the hearing equipment and service needs necessary for our upcoming mission. **Our *Mission From The hEARt* would not be possible if it were not for your generous donations.** In addition, any monetary contribution to our *Mission From The hEARt* is tax deductible. If needed, the tax id number for USU is 87-6000528.

We additionally host and organize several community events throughout the year and would appreciate donations that could be used as prizes for participants, such as gift cards, baskets, etc. We are grateful for anything you are able to contribute. As a special thank you for your donation, we would be proud to list your name as a sponsor in our programs, events, bulletins, and annual newsletter.

Thank you,

A handwritten signature in black ink that reads "Heather Jensen".
