

Another Sad Year

Words and Music by Pamela McNeill

In the darkness on the stairs
I've come to say a prayer
It's a busy night - can you hear me?

Broken bottles on the floor
Words hurt even more
Does this sound right? - this can't be my life

(Chorus)
Please tell me there is a reason
Why don't I get out of here tonight?
I've never been good at leaving
Don't let another sad year pass me by

Love was full of promises
But everything he said
It was all a lie - and I'm out of time

All these dreams I can't afford
Fighting in this war
On the losing side - I'm down and paralyzed

(Chorus Repeat)
