

## **Miracle**

Words and Music by Pamela McNeill

I got lost coming out of the gate  
Let the wrong roads take me away  
Now I'm hoping it isn't too late  
For a miracle

Take my chances and not be afraid  
Find the words that I need to say  
Yeah, I'm hoping it isn't too late  
For a miracle

My frozen heart is breaking out  
From the shadows and the doubt  
I did my best to keep it buried deep  
And truth I scattered just out of reach

I got lost coming out of the gate  
Let the wrong roads take me away  
Now I'm hoping it isn't too late  
For a miracle

Take my chances and not be afraid  
Find the words that I need to say  
Now I'm hoping it isn't too late  
For a miracle

How I'd like to stand beneath the sun  
And feel that my life has just begun  
Lift this veil of sorrow from my eyes  
I know there's joy somewhere inside

I got lost...
