

Rainbows

Words and Music by Pamela McNeill

Before I go
To sleep I count my
Blessings so I'll know
That life is sweet
And I must remember
To see it as I go

To follow the rainbows across the sky
Look at the moon go sailing by
And 'til the moment we meet again
To know that our love will never end

Once I searched
For four-leaf clovers
Everywhere I went
But all those things
That I worried over
Were not heaven sent

To follow the rainbows across the sky
Look at the moon go sailing by
And 'til the moment we meet again
To know that our love will never end

And if I go
Before you see me
Again I know
A love that runs so
Deeply won't
Just fade away
I'll find my way back home again

So look for the rainbows across the sky
Look at the moon go sailing by
And 'til the moment we meet again
Know that my love will never end

Stand in the snowflakes, soft and white
Wish on the stars that shine so brightly
And know that one day we'll meet again
And that my love will never, never end
