

## **Give Back My Love**

Words and Music by Pamela McNeill

For 7 hours I was on the freeway  
For 7 hours your were on my mind  
The rain was beating down a wake-up calling  
I guess this storm was never far behind

(Chorus)

Now I want you  
To give back my love  
How I want you  
To give back my love

Heading North between the lakes and lightning  
Static radio came breaking through  
As Fleetwood Mac were saying "go your own way"  
It was obvious I'm not for you

(Chorus Repeat)

Come back sweetness, come back faith  
I want to feel the sun again  
I believe that everything is for a reason  
Before you came I was a child  
I did not know how to survive  
Now you're gone  
But you forgot to say goodbye
