

Seein' Someone New

Words and Music by Pamela McNeill

Man, you really had me goin'
The way those tears popped up and took to almost showin'
After everything that we've been through
I can't believe I was in love with you

'Cuz I live my life and know I stumble, there's no doubt about it
But I don't deserve your wicked ways and I found about it

(Chorus)

The way the wind started blowin'
And the truth started showin'
And through my heart it blew
So I'm seein' someone new
You left me right where we got started
Full of doubt and broken-hearted
Took my trust and then you flew
So I'm seein' someone new

Well don't tell me how I got it wrong
'Cuz this is a helluva way to end up in a song
Beware of what you don't wish for
Just when you think I'm done I'm coming back for more

'Cuz I live my life and know I stumble, there's no doubt about it
But I don't deserve your wicked ways and I found out about it

(Chorus)
