Brueggen Home Construction

W13818 Amacoy Lake Rd., Weyerhaeuser WI

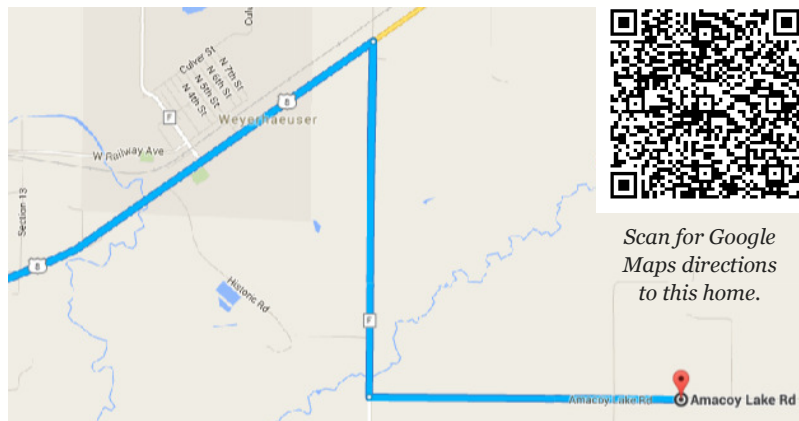

Brueggen Home Construction welcomes you to their Parade of Homes entry. This quiet country home has 1659 sq ft on the main level.

Enter the living room from the covered front porch. Thanks to the open concept, the cook can be in the kitchen and still be part of the family's activities. The dining area overlooks the deck, back yard, neighboring farm fields and the rolling Blue Hills.

To the left of the living room, you'll see the spacious master suite. The master bath features a large tiled shower, separate tub, double vanity and private "water closet." Turn around to find a walk-in closet large enough to house both his and her wardrobes!

Beyond the master suite is the mud room/laundry room on the way to the attached garage. To the right of the living room are two more bedrooms and full bathroom.

The walk-out basement features a large walk-in safe. The remaining space is roughed in for a future bedroom, bathroom, office and family room. Outside, the LP Smartside siding, Landmark shingles and Marvin windows provide a low-maintenance, weather-tight envelope.
