## Experience

### Design Intern at Woobo Inc. Jan-Feb 2016

I worked on product concept, emotion simulation model  
and exterior design.

### Design Intern at Woobo Inc. July 2016

I was in charge of branding, graphic design, product photography,  
UI/UX, and AI/Robotic behavior model. I also designed parts of  
the hardware and electronics.

### Design Intern at Tencent Inc. August 2016

I was in charge of planning and the design of a key product within  
WeChat group. My job involved concept development, UI/UX,  
and industrial design. The product is planned to launch in 2017.
