I kiss your little hand, madame - and dream about your lips

You sing and talk aloud, madame - on such a night as this - and may I have your heart, madame - with all its sympathy - if you would put your trust in me -

How happy I will always be - and then I'll kiss your lips, madame - and hold your little hand.

Are, Billy Ternent      Trans. Pete Faint         www.petefaint.com
If you would put your trust in me,
How happy I will always be.
