

How to Ship Your Fresh Flowers for PetalGems Processing

Purchase your PetalGems Jewelry from our website store. Supply all the required information and checkout using any major credit card. Print out the Order Confirmation that you will receive in your email and then ship your flowers as follows:

*** For Fresh Flowers Only ***

Place a damp paper towel on a sheet of aluminum foil. Trim flower stem to about 2 inches and place on upper edge of paper towel. Fold damp paper towel upwards in half.

Roll paper towel from the sides about the stem of the flower.

Fold aluminum foil upwards and roll in a similar fashion.

Pinch the top of the foil tight against the stem of the flower and place on several sections of (dry) paper towel.

Roll the flower tightly in the paper towel.

Place the prepared flower into a small Ziploc bag. DO NOT SEAL! Repeat the process for each color of flowers that you would like in your PetalGems stone.

Assemble a small Flat Rate Priority Mail shipping box (delivers in 1-3 days for about \$6.70) and fill it half full with shipping peanuts. Place your flowers on top and add additional peanuts to fill the box. Detail any special requests (i.e. color emphasis within stone) on the Order Confirmation you printed above and include within the box. Address box to:

How to Ship Your Dried Flowers for PetalGems Processing

Purchase your PetalGems Jewelry from our website store. Supply all the required information and checkout using any major credit card. Print out the Order Confirmation that you will receive in your email and then ship your flowers as follows:

*** For Dry Flowers Only ***

If your flowers are *already thoroughly dry* you can place the petals or whole flower into a small Ziploc bag and seal. Repeat the process for each color of flowers that you would like in your PetalGems stone. **DO NOT** seal wet flower in a plastic bag as they will mold. Instead, follow the directions above for fresh flowers. The picture to the left represents an approximate minimum amount of petals that we should receive for each color that is to be included in your PetalGems stone. If possible, include the whole flower.
