

Math Tracking Chart

1. Find the grade and class you are in currently.
2. Choose the next class you will take. Use the flow chart to determine the appropriate class.
3. If you would like to choose a class that is not shaded the same as your current class, you must also fill out a Teacher Approval Form and have it properly signed.
4. Those going into 9th grade should follow the recommendation given to them or fill out a Teacher Approval Form and have it properly signed.
