Meeting was held by Skype and opened at 1:10 pm. EST with the Serenity Prayer.

1. Mission Statement, Concepts, Chair’s Welcome

The World Service Board of Trustees is dedicated to the growth and financial stability of Nar-Anon Family Groups. In cooperation with the world service committees and World Service Office, we will support the worldwide fellowship by developing services necessary to carry the message of Nar-Anon.

1A. Roll Call: (11 voting members present) ED regrets she can’t attend. Quorum reached.

1B. Minutes from 11/22/2015.
Motion to approve. Second. 10 yes 1 abstain.

2B. Secretarial Housekeeping 1-24-2016

Chair said we will do polls that have notes-1, 2, 5.

Poll #1: Do we want to stay until Tuesday? 11 votes 7 yes 1 no 3 abstain. Majority 5 out of 9 votes so Rhenda said abandon that poll and revote here. 2 members will be abstaining from the vote. Do we want to stay until Tuesday? Yes will mean we stay until Tuesday. No means we will conclude on Monday at 5pm. Trustee requested we have a group conscience next time as we didn’t this time, for next cycle. Not how we work in Nar-Anon. Chair said yes, noted for next time and we will do that. Revote 3 yes 6 no. So it fails, so we leave Monday 5pm.

Poll #5. CAT Material Event Handbook Do you approve Event Handbook to be submitted to CAT? 10 votes 7 yes 1 no/2 abstain passes
Note: Per P&G chair “no” vote was in error, should be “yes”. Final count= 8 yes/0 no/2 abstain
Secretary contacted and said her vote should have been yes, it changed by accident. Correction of numbers. 8 yes 0 no, 2 abstain. Chair did voice note. 10 all agree.

Poll #6 CAT material: Narateen Table Card. Concepts of service speak to this-delegate authority. Groups shouldn’t have to approve every single item, then we set precedent that committees can’t complete any work. Put it out to delegates that all literature like posters and table cards. Once we have made that decision, it wouldn’t go into CAT and we can submit any time of year. At this time we don’t have in place. This card was brought to Narateen committee to be put into CAT. Conference must give us approval before we can decide to do approval without being submitted in CAT. 2 trustees agree we should send it this time. We should do floor motion and have it ready for next meeting to bring to conference. If we put the card in CAT now, floor motion could change that. Rhenda-could conference make that a consensus-based decision? Recommends every board member read concepts and study and read. She says i in the literature. Groups are tired of having to approve every little thing. We’re constantly asking permission. Chair-from discussion, we’d like this go through CAT this time. We should let the conference decide if we need to bring this back. CAR is too big, we must start cutting them down. Talk to your regions. Is this too much? Groups say its hard to talk about them, want to talk about recovery. Talk to delegates-why don’t we send out a survey once or twice a year? See what fellowship wants. If motion passes on GWS on service material, Narateen could pull the Table Card out of CAT and have it reviewed by fellowship for 2 years, then it would go back to conference, and it wouldn’t be affected. (?) Get survey out ASAP asking whether the fellowship is ok with the board approving these. Marie sounds like we are stamping board approved? Chair-read service motion: Motion 60 “.Service literature includes GLS, GWS, plus any handbooks…”2 Narateen Cards-one would be outreach (for Nar-Anon meetings). Posters, letters for Outreach. In order to fix anything on it, it has to go back to conference. Seeing we are constantly finding stuff, and does it really need to go to conference. The regions can have one piece approved for use in region. That could be their one piece. A poster or a table card. NA got approval from the conference for board approval on certain documents. Narateen chair- feel it should be in the guide before we can decide. I ask the table card for Narateen meetings was designed by Narateens-this is their first submission and we should keep it in the CAT for now and vote on it. My question is-I’m ok with this going in the CAT, is the Narateen committee willing to pull this if the motion 60 passes? Narateen chair agreed. Chair closed topic.

Do you approve the Narateen card to go into CAT? Chair-so if Motion 60 passes, Narateen committee will
pull the card from CAT and have it go to next conference to be approved. Narateen chair-let card go through in CAT-I’m not ok with taking out of CAT and waiting 2 years to then go to conference again. Trustee-understand the Narateens will be upset if card is pulled. Let this one go through, then start board approval after that. Chair agreed-we exempt certain pieces like this card. Called question-vote Do you approve this Narateen Card to go into CAT material? Vote:11 yes 0 no 0 abstain.

Remainder of polls-vote Chair-motion to approve remaining housekeeping items, second. Vote: 11 yes. No-0. Abstain-0.

3B. Financials
Advanced P&L-chair-asked Treasurer to send to board before sending to delegates. Outreach committee still needs clarification of budget. Outreach chair-Lynne said the board needs to explain, so the chair will have E.D. join discussion with Outreach. We may need to rename the 2 line items. Sometimes the committee and the WSO work on a joint effort. Treasurer-budget is still very preliminary. She would like to get income and expenses to ED, then to taxperson. Can we get P&L comparison over several years to get more a trend, to get perspective on loss this year. Trustee offered to assist treasurer. Chair-gross profit margin is 45%-she thought we were higher.

4B. WSO Update: WSO employee not doing well. Will get update from ED later.

C. Old Business

1C. Event Handbook
-Why do we vote to remove from an agenda? Chair-running agenda idea was to keep track of forgotten items. Anyone can speak up to remove from agenda. Would be consensus voting. Voice vote to remove 1C. Unanimous.

2C. Remove Traditions and Slogans book Trustee researched Roberts Rules-read section about amending. We should bring to facilitator that these are out of order. We’re asking for experience –are we doing this the right way? We should discuss with facilitator so we are all on the same page-that we rescind. Lot Com chair-2008 conference voted to approve Stories of Recovery (from Brazil) but we don’t have release forms for several writings. Should literature committee continue to work on Stories of Recovery and other items that don’t have release forms? Chair, Lit Com chair, ED should have the conversation with Brazil about missing copyright release forms per Chair-It’s a big topic. Per P&G chair-Traditions removal is based on plagiarism. Stories of Recovery and Slogans haven’t been vetted yet. Do we have release forms for SESH. Lit Com chair will request a digital copy from WSO. Per trustee some writings submitted by So. CA literature committee did not have release forms. Chair requested we take off-line.

3C. Yahoo group with BOT & Committee Chairs-Voice vote to remove passed.

4C. Pre-Existing Recovery Literature-Lit Com chair-if revised (more than punctuation and grammar), does it need to go through fellowship review? The CAR process would not be adequate. This can be one of the topics during literature workshop at WSC. Do we need a motion to go to 2018 WSC to define what percentage changed will trigger a fellowship review, and how long will it be? Not comfortable with the changes such as taking the word drugs out and become inclusive because that changes the nature of Nar-Anon which is a tally process procedure. Can’t undue the authority the fellowship has. We should treat all revised CAL as new literature. Lit Com chair-GWS would support this. Crazy Stories was written by members who knew and heard member speak, and they wrote about her stories Lit Com chair-Motion-All CAL Recovery Literature will go through the preliminary fellowship review when edited beyond punctuation and grammar. Second-chair. Vote-unanimous to accept.

Trustee motioned for 5 minute break. Voice vote passed.

Roll call taken at 2:07pm 11 members present. Quorum reached.
Remove 4C voice vote. Voice vote unanimous to accept.

**Literature Price Increase:** Reviewed price list.

**Translation Committee:** Review Development Plan for Translation Committee and PowerPoint presentation. Ensure 2-way translations through the hub. Motion made and seconded to approve World Service Translation Committee. Vote: 10 yes (unanimous)

Continue review of PowerPoint for Translation Committee. Motion made and seconded to approve PowerPoint presentation for conference. Vote: 10 yes (unanimous)

**Price Increase List:** Discuss pricing of digital and hard copy. Approve price increase to start on May 2 (Monday). Motion made and seconded to approve price list with a price of $7, not $6.50 for Serenity Connection. Vote: 10 yes (unanimous)

**Archiving:** Presentation given on archiving. Dropbox is becoming full, need to pay to increase size. Our email accounts are Gmail accounts which have a google drive by default which has 15 GB of space (7 x Dropbox). This is beneficial to us; we can use what we have.

**Media Kit:** Logos/Fonts – Avenir is font WSO is using for titles and subtitles. Helvetica Neue for text. Logo is also Helvetica Neue. Media kit will be a package file that will have all logos in colors and sizes. Discussed logo and Nar-Anon name should be in the approved font. But other text used by others is okay.

Where is media kit going to live? Media kit page on website is now hidden. It has info on what it is and if you wish to request it, contact info for ordering the media kit. Logo is currently in 7 languages so they are all consistent. Goal is to have in all languages. We can create group list of members who order media kit, so if there are updates it will automatically send you updates.

[Note: This is now called Logo Kit on website.]

**Website Home Page:** Reviewed changes to website. Headers changed, fonts used as for media kit. Tabs are brighter, now in blue, not black. The words on find a meeting page will be
changed. “No group in your area?” will be changed to “No meeting in your area?” “Need to change your meeting?” will be changed to “Need to change your Group?”

**Negative Income Statement:** Discussed WSO having more contact with Executive Committee and Executive Committee bringing issues to the board in a timely manner. Executive Director thought maybe WSO was not so clear and the board was not responding fast enough. We need more two-way communication with WSO.

Discussed identifying where we are losing money and take action to ensure we have income to pay for our expenses.

One board member left the meeting at 12:49 p.m.

Motion made and seconded to break for lunch.

Meeting resumed at 1:55 p.m.

**Roll call:** Nine voting members & Executive Director

**Committee Chairs:** Tabled

**Narateen Risk:** Insurance coverage when requested. All registered Narateen groups registered with WSO in the U.S. are covered by insurance for sexual abuse. Canada has its own insurance.

Review of attorney’s email re Narateen has to do with covered meetings. Suggest Narateen put in guidelines for what to do when things go wrong in a meeting. Suggest Narateen Committee draft forms (waiver, etc.).

It was suggested we don’t need to address confidentiality because it is covered in meeting format. It was reported that Al-Anon’s policies for Alateen states the conference can't change Alateen policies, only the board.

**Staffing:** Last week WSO hired a Nar-Anon member who has been very involved in outreach and website for her region. She will be able to handle copyrighting our literature and serve as back up secretary at the WSC. There are five people currently working at WSO.

**Role of Treasurer:** Discussed the changing role of treasurer. It was suggested that two people at WSO take a QuickBooks course and learn all the things it can do, then the board’s treasurer would not need to enter data. Treasurer should just produce the reports to present to the board. It was thought that it would take 6 to 7 hours a week to do data capturing. At NA treasurer doesn’t do posting work, only prepares reports.

Treasurer reported that minimum wage is going up and all salaries will need to increase to keep up. Machines are not being purchased this year.

**Outreach Budget:** Is outreach budget both for committee and Executive Director? It was decided the Executive Director’s travel budget will now be separate from outreach.

**Delegation of Authority re board approval and not going through conference:** Read NA’s concept to delegate authority. Discussion on having a floor motion re board approval of some outreach materials so they don’t need to go to conference. GWS lists items, Motion 60 lists items. It was decided to make a new CAR motion for 2018.
Royalty Contracts: Information handed out for review.

3:15 p.m. Break / Resume 3:29 p.m.

Roll Call: Nine voting members & Executive Director

International & Foreign Language Websites: Website Committee is working on an international landing page. This will need board approval. Motion made and seconded to say we will post the Serenity Connection newsletter in Spanish on the world service website and it will be available for other websites to link to the world service website. Vote: 9 yes (unanimous)

Let the communication start with us. Finish working on the duties for WSO and Executive Director. Find our similar interests and our unity. We would like board members to timely reply to emails, at least to say they have been read. Ask the Executive Director what she needs from us and discuss how we can improve our communications between Executive Committee/Executive Director/BOT.

BOT meeting schedule: 9 a.m. PT / Noon ET on June 26, August 28, October 23, and December 18, 2016.

The meeting closed with the Serenity Prayer at 5:53 p.m.

Report on this at next meeting.

- Suggested the board or secretary send out a letter regarding the service sponsorship program with a list of board members to choose from. Members to respond back to the board or secretary with their decision.
- Board will continue to discuss on wsobot as program information is still being worked on.

Google Ads: There hasn’t been a chance to check out the program and we will try to have information for the next meeting.

Policy & Guidelines Committee: P&G wants to know when the BOT is planning to make comments on motions in the CAR based on traditions and concepts, why don’t they contact the P&G Committee for their input. Board has already had some discussion on this. Some BOT members will work on a response to P&G which the board will review before it is sent out.

Five minute break taken at 11:08 a.m. Meeting resumed at 11:13 a.m.

Roll call: 9 voting board members and Executive Director

Outreach Committee: Proposal for piece entitled: Informing the Community about Your New Meeting to go in as an insert in the New Group Packet, be on the website and outreach folder, and go through the Service/Outreach Approval Process has been reviewed by LitCom and sent to the Outreach Committee for their review and comments regarding suggested changes. Once LitCom has received the piece back and has reviewed the comments, it will be submitted to the board for review and approval on wsobot.

Outreach Budget Items:
- Motion made and seconded to approve a $1,000 budget for the Outreach Committee, of which $500 is for travel expenses and $500 is for literature (including shipping) to be provided for outreach events. Vote: 9 yes (unanimous)
- Discussed the 2010 WSC Motion #14, which approved creating a PowerPoint presentation for use when doing public outreach including information on what Nar-Anon is, how it works and how it can help families and friends of addicts. This was to be presented to the 2012 WSC for approval but could be used prior to conference approval. It is felt this would fill a need for helping regions and areas perform outreach at no cost.
- A letter will be drafted to the Outreach Committee regarding the approved budget and the PowerPoint presentation for them to work on.
Website Committee:
- International Landing Page proposal to go to LitCom for review.
- Motion made and seconded to approve, in principle, the process for International Landing Pages submitted by the Website Committee, wording to be approved. Votes: 9 yes (unanimous)

World Pool Committee: It was reported the committee is writing an article for the newsletter and delegates regarding applicants needed for facilitator and secretary for the next WSC.

Policy & Guidelines Committee: Last year the board discussed having an ad hoc committee and members from other countries that have NSOs to work on an NSO section for the GWS. That work is still to be done and is taken off the agenda at this time.

Special BOT Meeting: The board will meet for a 1½ hour special meeting on July 24, 2016, Noon PT / 3 p.m. ET, to discuss the new business agenda items we were not able to get to.

Regular BOT Meeting Schedule: 9 a.m. PT / Noon ET on August 28, October 23, and December 18, 2016.

The meeting closed with the Serenity Prayer at 12:41 p.m. PDT

Respectfully submitted,
Secretary

**Roll call:** 9 voting board members and the Executive Director

**Approval of Minutes:**
- Revisit Minutes for March 20, 2016. Motion made and seconded to approve the March 20, 2016 Minutes as amended. Vote: 6 yes / 3 abstain.
- Motion made and seconded to approve the June 26, 2016 Minutes as amended. Vote: 8 yes / 1 abstain

**Secretarial Housekeeping:**
- Motion made and seconded to confirm Polls 1-3. Vote: 9 yes (unanimous) (Polls are listed on page 3.)

**12:15 p.m.** BOT member joined the call (10 voting members present)

**Forum:** Discussed whether the Forum should have its own page on the world service website or if it should be posted as a link on the page *Other Nar-Anon Sites*. We do not state when you click a link and it takes you to another website that you are leaving our website. BOT member suggests we have a statement. The Website Committee reviews all new websites that want to be linked to the world service website but the websites that have been grandfathered in have not been checked. The Website Committee will review grandfathered websites when they have time. It was asked that we table all discussion on the website until our next board meeting and suggested we work on this prior to the next meeting so we can give the Website Committee guidance.

**12:25 p.m.** BOT member joined the call (11 voting members present)

**Nar-Anon.org Email Addresses:** Original nar-anon.org email addresses were assigned to board members, world service committees, and WSO. Currently members of world service committees have been given nar-anon.org email addresses. It was reported that international regions have also been given email addresses. There is an agreement in place that members have to follow or their email address will be shut down. There is a concern that because there was a motion at conference that failed regarding email addresses for regions, areas, and national offices, that the email addresses should be limited to board members, world service committees, and WSO. It was suggested to table the discussion for now, keep on the agenda, and see who is on the list for email addresses.

**Board Member on Every Committee:** It was thought there should be at least one board member on each committee to help and for committee continuity. There are currently 11 board members and 11 committees. There is only one committee at this time that does not have a board member.
Proposal of Ad Hoc Committee: Ad hoc committee for changing the steps, traditions and concepts in one tally process. Floor motion at conference would form an ad hoc committee and research has been started on the costs involved. The Budget & Finance Committee is working on this too. Concern with opening this up to other changes to the steps, traditions, and concepts of service would lead to many changes and the process was designed to limit the amount of changes that would be made.

Bank Statement Insert for New Group Packet:
- Reviewed bank account statement for New Group Packet. This will address new groups or other groups who want to open bank accounts. Motion made and seconded to approve the bank account insert and to put it in the newsletter. Vote: 11 yes (unanimous).
- It was thought we should not be giving out NFGH, Inc.’s EIN to regions although it has been an unwritten policy for a long time. If the EIN is being used then regions need to be sending in their yearly bank statements to WSO for tax purposes. This will be added to our next agenda to further discuss region bank accounts and policy.

Survey to Regions for next WSC: A consensus based decision was made by the board to form an ad hoc committee to write something up that would go out in the CAT (like the literature priority list) asking the regions if they would like to add an extra day to conference. It would include information on the potential increased cost for each attendee.

1:42 p.m. One BOT member left the call (10 voting members present)

Technical Director: Discussion on the need for a new Tech Director. Who reviews content for website and who posts it? Website Committee does not post on the website. This is done by staff member at WSO and at this time we do not need a new Tech Director. It has been proposed to the Website Committee that they have guidelines for drafting event flyers and it is believed at this time the Website Committee is okay with WSO screening flyers for the website. It was suggested we put something on the World Service Committees Yahoo Group letting committees know who to send items to that go on website. Committees should review content on website right after it is posted to ensure it is correct. Also discussed Website Committee adding to their internal guidelines information on who handles what in the review process for website content and who posts it, for future members of the committee.

Literature Book Covers: We discussed the need for continuity in book covers for service literature as is being done at this time. Committees need to know they do not need to design a cover for service guides/booklets. Discussed having Narateen pick a color for all Narateen literature as opposed to an image for all covers.

Policies vs. Guidelines: There was a floor motion at WSC 2016 to define what a policy is and what a guideline is in our service literature. P&G will wait for the motion to pass at the next conference before P&G starts work on this, in case it does not pass.
Board Letter to P&G Committee re Comments in the CAR: Letter to P&G reviewed by the board. Motion made and seconded to approve the board’s response to P&G re the board’s comments in the CAR. Vote: 10 yes (unanimous)

Translation Committee: Executive Director is on this committee. She said the landing page will be sent to international countries. Discussion on whether or not non-conference approved literature coming from international countries will go through Translation Committee. There is an ad hoc committee working on the motion that LitCom and P&G will come up with a process for international language new literature. Motion made and seconded to table this discussion and let LitCom and P&G come up with their suggestions for translating new incoming literature. Voice vote: 10 yes (unanimous)

Proposal for Audio Books: It was reported that the board will receive 10 recording samples for a SESH audio book. After our review, if we are interested, the member will come up with a procedure and cost to make SESH an audio book.

BOT Meeting Schedule: 9 a.m. PT / Noon ET on August 28, October 23, and December 18, 2016.

The meeting closed with the Serenity Prayer at 2:32 p.m. PDT

Respectfully submitted,
Secretary

**Roll call:** 9 voting board members and Executive Director

**Approval of Minutes: July 17, 2016**
- Motion made and seconded to approve the July 17, 2016 Minutes. Vote: 9 yes (unanimous)

**Secretarial Housekeeping:**
- Motion made and seconded to confirm Polls 1-10. Vote: 9 yes (unanimous) (Polls are listed on pages 5 and 6.)

**Financials:**
- Treasurer reported we are doing well this year. Still waiting for additional information, but it looks like we are under budget on travel for conference.
- Executive Director will try to renegotiate a better price for copiers (see her WSO report).

**WSO Update:**
- The Executive Director will be leaving for Russia on October 2 to attend their conference and then she will go to Iran for 3 weeks.
- Executive Director will be working in Iran with the groups, areas, and region to find unity and work within the Nar-Anon service structure.
- Straw poll: Do you as a board member feel we should have a letter to the members of Iran from the board regarding the traditions and concepts. Vote: 8 yes. Ad hoc committee to work on letter.
- Sold 194 *Steps 1-12* and 211 *Steps 10-12*. Has not affected the sales of *SESH*. Still sell about 500 *SESH* books per month. Ten cases of *SESH* were sold this month. Sold 524 Spanish *SESH*. Pamphlet, *Boundaries and Consequences* – already sold 3,153. New group packets sold year to date are 171. Newcomer packets sold year to date are 12,635. Orders are increasing.
- Report on numbers of posters being sold by their order number. #714 sold 44; #718 sold 44; #719 sold 42; #717 sold 30; black and white outreach poster goes out in new group packet and sold individually, sold 60; #716 sold 21; #724 sold 19; #722 sold 18; #721 sold 15; #723 sold 14; #720 sold 13. A couple of posters have not sold. A couple of comments received that the theme of the poster with the needle was dark in nature.

**Translation Committee:** It was reported that a Spanish landing page for the world service website has been submitted and is under review. WSO has already started working on setting up the landing page. Russia and Japan are also working on landing pages.

**Executive Committee Meeting Summary:**
- LitCom Chair was invited to the meeting to update WSO on the status of documents from conference. It was decided that LitCom will continue with 2 week updates on
WORLD SERVICE – BOARD OF TRUSTEES MEETING
August 28, 2016

status of new literature (what has been completed and when it will be sent to WSO).
New group packet is complete.

- Discussed outreach posters and copier contracts.
- WSO has been asked to send tidbits on the number of literature sold to the Newsletter Committee.
- World Pool Committee asked about announcements going out in literature orders. WSO is doing this and will continue to do this.
- It was requested that literature packages be made (except books) and sent to all board members. This will help the board when working on Motion 60 item submissions to compare what we already have.

Reply to Member: Letter sent to board for review. Motion made and seconded to approve letter. Vote 9 yes (unanimous)

Executive Director left the meeting at 10:02 a.m. (shortly after the Motion 60 Roundtable discussion began)

Motion 60 Roundtable:

- We need to decide how we are going to do this and have one point of accountability. The chair makes the board aware of items that come in. We need to decide where the pieces go. Motion made and seconded to have a service literature subcommittee of LitCom. Straw Vote 7 yes / 1 no / 1 abstain
- Reviewed tracking form on wsobot. It would go out with every piece and each committee reviewing it will have a place on form to insert their comments.
- Suggested to have a poll when each piece comes to the board to determine if the board approves putting it through the development process and to determine where each piece goes.
- Another BOT member worked on a form/chart to track the process. Chair said she would review it.
- There are two pieces that can be expedited. One still needs more work.
- The way Motion 60 reads, even if world service committees receive items, they need to send them to the board to go through the process. Suggest the board informs all of the committees that when they receive something they need to send it to the board to go through the Motion 60 process with their recommendations. We need to ensure that the document sent to the committee is the same as the document sent to the board. Committees do not work on a piece. It must come to the board for review and approval to go through the process. We can discuss this with the committee chairs at the roundtable discussion.
- There are five pieces we’ve received for review. 1) So You’ve Been Asked to Speak (can go to Events Committee); 2) Inappropriate Disruptive Behavior (can go to P&G); 3) Starting a Meeting and Never Been to a 12 Step Meeting (can go to P&G); 4 & 5) What Happens at Nar-Anon Meetings and Suggestions for Newcomers (can be combined – P&G already has Suggestions for Newcomers and will send their comments to the Service Literature Subcommittee).
Committees that have reviewed documents should send redline documents with their comments to Service Literature Subcommittee to work on.

Board will initially fill out form giving clear directions to the committee to work on piece. The form will be sent to the board for approval for each piece before it is sent to committee. We’ll try this process and see how it works. We can revise the process as we go. We may, in the future, decide the board is fine with doing this process, or we may decide to have the Service Literature Subcommittee do this process.

BOT members volunteered to work on Service Subcommittee.

Five minute break at 10:35 a.m.

10:40 a.m. Roll call: 9 voting board members

Committee Report Items

Literature Committee: Asks the board for direction on whether *Stories of Recovery* and *Slogans of Nar-Anon*, both from Brazil and have no copyright release forms, should be worked on or placed on permanent hold unless we get copyright release forms for these writings. *Stories of Recovery* was approved at 2008 WSC, and *Slogans of Nar-Anon* was approved at 2012 WSC.

- *Slogans of Nar-Anon* were submitted with *Traditions* book. We know there were problems with *Traditions* and it is believed there are the same problems with *Slogans*.
- Biggest issue is we do not have copyright release forms. We should only use literature that is our own. The Literature Committee should contact the submitting body for their copyright release forms, and if they do not have them, our due diligence is done. Once we have an answer, this may need to go back to conference.

Literature Committee: Does the board want LitCom to review the booklet *A Guide to the Family of the Addict*? This was revised from the Al-Anon booklet, *A Guide for the Family of the Alcoholic*. WSO sold 5,500 copies in 2015. Portions of the booklet are used on the Florida and Georgia region websites.

- Booklet has statement that this material has been adapted by the Nar-Anon Family Groups from *A Guide for the Family of the Alcoholic* by Reverend Joseph L. Kellerman, director of the Charlotte, North Carolina Counsel of Alcoholism, and is published with his permission. This piece was adapted for Nar-Anon and grandfathered in at the 2006 WSC. We do not know if the Reverend gave Nar-Anon permission to adapt it or if he gave Al-Anon permission. We need to find out. Will it be plagiarized if we reword it? The language is very outdated. If we make any changes do we need to send it back to Al-Anon or the Reverend to get permission for the changes? We wonder if it is already plagiarized or if it would be plagiarized if we edit it.
- It was suggested that as time goes on we might stop printing a particular piece of literature. NA has done this.
- We need to find out if this piece is outsourced.
- Does this piece speak for Nar-Anon? If not, that should matter to us.
- It was suggested we develop our own piece that can replace it.
It was suggested a regional literature committee work on a new piece. [NOTE: This would not follow the recovery literature approval process if it is not on priority list.] Table discussion until we get more answers to find out if we want our own piece.

Budget & Finance Committee:
- Tally process – a report has been written but the committee will meet in September to discuss and go over the individual costs. Should have it for the next board meeting.
- Treasurer Duties – It was asked that this be sent as an email attachment for the board to review.
- Proposals for transfer of treasurer’s duties in 2018 – [Note: Treasurer’s term on the board ends in 2018.] There are plans to have someone come to WSO to discuss QuickBooks.
- The various duties of treasurer may need to be transferred to others at WSO because a future treasurer may not be able to go to WSO.
- Treasurer duties that are being written for the Bylaws may need to change if some duties are transferred. New treasurer may have fewer duties if WSO logs in all information. Treasurer will only need to check everything is accurate and in balance.
- Issue of California tax law if new treasurer is not from California. We may need to look into this.
- It was suggested the treasurer does reports but others, CPA, accountant, bookkeeper can work for the corporation.
- Suggested that current treasurer work with new treasurer and WSO after her term is up. (Subcontract work could be $20 to $25/hour).

Public Relations - Using Literature Outside of our Membership:
- LitCom received an email from someone outside of the fellowship requesting to use one of our pieces of literature. LitCom’s response was shared. We might want to consider creating a public relations policy and document that can actually be used within certain guidelines.
- We would like to find out what WSO has done in the past regarding public relations.
- Outside sources can link to our Nar-Anon website but we will not link to outside sources.
- More research on this issue is needed. P&G will be asked if they want to do the research.

One board member left the meeting at 11:29 a.m. 8 voting members still present.

New Business

Meetings with Committee Chairs/Vice Chairs: Discussed having a roundtable meeting with Committee Chairs and Vice Chairs to discuss the working relationship between the board and world service committees, how to work on pieces going through the service and outreach literature approval process, and how the committees can request a roundtable discussion with the board to discuss issues they are working on.
October 2 will be date to meet with the committees
Different board members will speak on different topics – some of which will be discussed on wsobot prior to meeting

**Request from International Countries to Translate Literature:** LitCom received an email from an International country regarding translating conference approved literature. This was forwarded to the Executive Director and she took care of it (contracts and approved docs). The Translation Committee will handle these types of matters.

**Translation Committee Duties in GWS:** Needs conference approval before it can go in GWS. Motion made and seconded to approve putting Translation Committee duties on the website under that committee and make a motion to approve duties at conference to go in the GWS. Vote: 8 yes (unanimous)

**Service Sponsorship:** Motion made and seconded to distribute the service sponsorship project to the delegate forum and Yahoo world service site. Vote: 8 yes (unanimous)

**BOT Meeting Schedule:** 9 a.m. PT / Noon ET on December 18, 2016.

The meeting closed with the Serenity Prayer at 12:21 p.m. PDT

Respectfully submitted,
Secretary

**Roll call:** 10 voting board members present

**Approval of Minutes: August 28, 2016**
- Motion made and seconded to approve the August 28, 2016 Minutes as amended. Vote: 9 yes / 1 abstain

**Secretarial Housekeeping:**
- Motion made and seconded to confirm Polls 1-6. Vote: 10 yes (unanimous) (Polls are listed on page 5.

**Financials:**

- Doing well financially this year. Lots of literature being sold.
- Discussed treasurer duties will be different when treasurer’s term ends. WSO may need to hire another person to work on QuickBooks, with WSO staff having access to QB.
- Conference expenses different than projected in equalized expenses.

**Executive Committee Meeting Summary:**
- Chair of LitCom was invited to the meeting to update status on literature. LitCom is waiting for the BOT roundtable to finalize the GWS and Website Handbook. The conference approved flip chart uses language from an older blue booklet and LitCom can make the changes per motion 18.
- Executive Director was able to attend the meeting at a very early hour in Iran to give an update on her visit in Iran.

**World Service Conference Survey to Add Extra Day:** A proposed survey was sent to the board to add an extra day to the conference which would go out with the CAR so the regions can bring this back to conference. LitCom will work on grammar and add logo and then a poll can be posted on wsobot. This topic led to a discussion about determining the cost of equalized expenses. Was suggested the board have a round table discussion with the World Service Conference Committee regarding the breakdown to determine the equalized expenses. It was mentioned there was a financial report with the amounts broken down that helped determine the equalized expenses that was given to the board prior to the last conference. The survey would not need to go out until after the equalized expenses have been presented.
Voting in Officers: The board was asked to revisit the topic of which group of board members vote for the Executive Committee. Is it the current board before the end of conference, or the new board coming in after conference? Some members shared that they did not feel new board members had the knowledge to determine who should serve on the Executive Committee. Chair asked for a straw poll to revisit this conversation. Vote 8 yes / 2 no. A proposed process will be written up for board review.

Committee Report Items

Convention Committee: An article has been submitted for the committee corner in the December newsletter that lists the top 3 votes for the convention theme and the committee asks to also have this on the website. The board reviewed the language and there was a consensus to add it to the website. This will be sent to WSO, cc’ing the Website Committee.

Website Committee: They have requested WSO staff time for filtering the meeting map on the website. This is regarding listing meetings by region. They did not want to do this without asking for board approval. Discussed whether this should be by region or by state, and the amount of work needed to do this. We discussed Website Committee having direct contact with WSO staff to find out what can be done on the website. The topic of a database, which was approved previously at conference and never completed, would be helpful for regions listing their groups. The board suggests the Website Committee come up with a proposal to send to the board to vote on. This idea will be taken back to the committee and kept on our agenda until this process has been completed.

World Pool Committee: They would like the board to review their PowerPoint presentation for regions to use, and a flyer to be distributed to the fellowship to recruit volunteers for board member seats, conference facilitator, and conference secretary. LitCom will review and edit, then a poll will be posted on wsobot for approval. Suggestions are for the flyer to go out in literature orders, and to be posted on website and in the newsletter with a link to the PowerPoint presentation which will be posted on website for free download.

Literature Committee:
- Has not heard anything regarding *Stories of Recovery* and *Slogans of Nar-Anon*, which have no copyright release forms, and whether they should be worked on or placed on permanent hold unless we get copyright release forms for these writings. *Stories of Recovery* was approved at 2008 WSC, and *Slogans of Nar-Anon* was approved at 2012 WSC.
- *A Guide to the Family of the Addict* will be discussed at the next board roundtable meeting.

Narateen Committee: Discussion regarding facilitators needing to be aware of mandatory reporting of child abuse in their state or country. It was asked how we separate mandatory reporting without violating our traditions. Motion 34 states that mandatory reporting would be done in an individual capacity, not as a Nar-Anon member or Narateen facilitator. In some states you do not need to state where you heard about it. We have been given the language in
Motion 34 related to mandatory reporting for our review and discussion. The board needs more time to review this issue before having a roundtable discussion with the Narateen Committee. This topic will stay on the agenda until we have come up with an answer.

Five minute break at 10:48 a.m.

10:53 a.m. Roll call: 10 voting members present

**New Business**

**Outreach Posters:** We reviewed Outreach Committee’s letter regarding posters for outreach and discussed reports of complaints regarding the imagery on some outreach posters. Board agreed to give response to Outreach Committee suggesting they add about where individual posters can be used. Board agreed that a response will be written for our review so it can be sent out to the Outreach Committee later today.

**Ad Hoc Committee Regarding the Use of Social Media:** Reviewed Outreach Committee’s ad to form an Ad Hoc Committee to explore social media as a tool for outreach. This is to go in the December newsletter. The board suggests adding the words “within the traditions of Nar-Anon” so it reads “Are you interested in becoming part of an ad hoc committee to explore the use of Social Media as a tool for Outreach **within the traditions of Nar-Anon.**” The board’s consensus is for this to be added to the letter to the Outreach Committee and to also extend the deadline from January 1, 2017, for another month due to the holidays.

**Employee Benefits:** Motion made and seconded that the Budget & Finance Committee make a cost analysis for offering full time (WSO) employee benefits such as vacation days. Vote 10 yes (unanimous)

**Committee Reports:** Discussion to revamp committee report form to include what are the committee priorities, what literature is in their possession and what literature they are working on, and needs from the board (specifically not generally). An ad hoc committee was formed to work on this.

**Public Outreach PowerPoint Presentation:** Remind Outreach Committee that a motion was passed in 2010 to have the Outreach Committee create a PowerPoint presentation for use when doing public outreach, including information on what Nar-Anon is, how it works and how it can help families and friends of addicts. This was to be presented to the 2012 WSC for approval but could be used prior to 2012 if approved by the board for use as a draft, noted as pending conference approval.

**Fellowship Review Process:**
- Discussed posting on the website the process for fellowship review of service and outreach material and having a separate tab for fellowship review literature and materials. Board consensus to have separate tab. Chair will find out about having the
outreach posters that are under review to be separated from the rest of the outreach literature and put under the separate tab.

- Discussed how to make changes from fellowship suggestions. Comments need to come to the board but they are coming in to committees and WSO. Comments need to be passed on to the board to decide who would work on suggested changes. Discussed having article for newsletter that explains the review process for outreach and service literature.
- Language we use for fellowship review literature to be placed in newsletter can also be posted on the website. An article will be written and it will need a quick turnaround to go in newsletter. This info will be given to WSO to put this language on the website and to have fellowship review literature separated out on separate web page. Board consensus on separating literature on website.

**Internal World Service Handbook:** All the information gathered from everyone who spoke at the roundtable is in the process of being put into one document. This document will be available for future world service committee members as a helpful tool on how service works at the world service level. An opening letter will be written which will include language on the traditions and concepts to go at the top of the page. When complete it will be sent to a couple of board members for editing and formatting.

**World Service Newsletter:** Next newsletter to come out in March. Each world service committee submits a small blurb that is an overview of what they are doing and what they have done. Suggestion to only have this come out once a year.

**Grievance:** The board has requested and needs additional information from the member requesting a Skype meeting with the board. We have asked for minutes supporting the grievance from this region. To be discussed further on how we want to move forward.

**Flip Chart:** It looks like language from the old blue booklet is used on the flip chart. Motion 18 allows LitCom to update all existing literature affected by conference approved changes where similar wording is used. This can be taken off the agenda.

**World Pool Application and Interview:** Discussed adding to the application and interview questions how the traditions and concepts are used by the person applying and being interviewed. There is also a need for the trustees to follow the bylaws in addition to the traditions and concepts. The board should give approval to the application form and interview questions. Something will be put together with suggestions from the board and presented for board review. We will request the application and interview questions from the World Pool Committee to review. The letter to the World Pool Committee will come from the board.

**WSC 2016 Follow-up**

**Literature Committee:** Guide to World Services, Website Handbook, Flip Chart and 7th Tradition poster are the remaining items to be completed.
Proposal for Audio Books: Need to follow up if there is anything to send us.

- Executive Director gave report on Iran. BOT letter to Iran has helped.
- Needs from WSO: Will need to hire a new production person next year.

- Discussed staff hours and costs. Budget & Finance Committee believes approx. staff costs of $16/hour.
- Would like B&F Committee to go back and anticipate future cost analysis. Revised report for next year’s meeting will be posted in wsobot folder. This will stay on agenda for follow up and be presented at next WSC.

Regions Holding Large Amounts of Money:
- Would like list of all regions using NFGH, Inc.’s tax identification number. All users of tax ID must report income to WSO for tax purposes.
- Suggest we do a board bulletin regarding implications of holding large amounts of money and using NFGH, Inc.’s tax ID. Also give positive information on what regions can do with funds held.

- Discussed rotation of committee chairs.
- A few board members will get together this week to discuss putting together a proposal to bring back to the board on setting up job duties for WS committee chairs and committees. With board approval it could go to P&G.
Google Ads: Need to find out if Google still has an offer for non-profits’ to place ads. When people do any kind of Nar-Anon search, an ad for WSO can show up in search. If this is still offered, we can decide if we want to look into this further.

Timelines for Committee WSC Motions: Reviewed proposal for timeline. Motion made and seconded to accept BOT timeline for WS committees submitting motions. Vote: 10 yes (unanimous). Dates will be posted on wso bot calendar.

Employee Benefits:
- Discussed vacation and holiday pay for employees of WSO. Currently one full time employee. Would like to know what the costs will be if there are two full time employees. This will be tabled for now until we have additional information.
- We also need to have a sick day policy, state policy, and office policy, and list full time and part time employees.

10:35 a.m. One board member left the call

Narateen Table Card: No status at this time. This will be checked again with WSO.

5 minute break at 10:40 a.m.

10:45 a.m. roll call: 9 voting board members present

Two Way Communications with WSO: Discussed best way for the BOT and WS committees to communicate with WSO and receive a timely response. Suggest two times a month (first and third weekend of the month) committees send questions to the WS Committees’ Yahoo group. Questions will be combined into one document to send to WSO, and WSO can respond back in one document. Responses can be posted in WS Committees’ Yahoo group. If this works, maybe have a communications BOT member do this. Motion made and seconded to use the process of sending one email to WSO with questions and it will be reported back to the WS Committees’ Yahoo group. Vote: 9 yes (unanimous)

Updated Committee Report Form: Discussed some changes to form. This will be worked on some more. Board can review by email and a poll will be posted to approve.

Executive Director Duties: Not ready to discuss at this time.

Executive Director Salary: Ad hoc committee formed to work on proposal to bring back to the board. Another idea can be a year-end bonus instead of raising the salary.

World Service Committee Handbook: Everything that came out of the world service committees’ roundtable is being put into a handbook, and still needs more time before it comes to the board.

BOT Responses to World Service Committee Reports: It is suggested that we post on the WS Committees’ Yahoo group the answers to all committee reports in one spreadsheet form. We can also include our questions to the committees in the same document.

Fellowship Review Proposal: Board consensus to send to WSO and Website Committee a proposal of separating out or having a statement on the world service website for service and outreach materials that are for fellowship review and are not conference approved. We suggest using FR with the numbering of
the document. Need input from WSO and Website Committee for their ideas on how to do this. This will be brought to the Website Committee and WSO.

Committee Report Items

Budget & Finance Committee:
- New treasurer duties proposal to be determined to start in 2018. Suggested we have a separate duties’ meeting to discuss treasurer duties and executive committee duties.
- All contracts need to be submitted to the board by the Executive Director for review and approval. Language for the Bylaws will be worked on after the New Year and brought back to the board for discussion.
- Discussed committee budgets sent to B&F Committee. It is suggested that all budgets come to the board for review.
- What should the amount be that constitutes a major expenditure? Bounced around the amount of $1,000. This will be included in language for Bylaws.

11:40 a.m. Another board member left the call (8 voting board members present)

Narateen Committee:
- The board will discuss and answer questions regarding mandatory reporting and transportation of teens at the Narateen roundtable.
- The poster is not on Narateen agenda but will be brought up.

Outreach Committee: Outreach Committee asked the board for information/clarification on BOT procedures and priorities related to budget requests from committees. They also asked for knowledge of available funds and BOT priorities for individual committees in formulating budget requests. Appears there is a misunderstanding when B&F Committee sends out budget requests to committees. Discussed when we provide committee duties this will become clearer. All budgets sent to B&F Committee will be sent to the board for review. We can ask Outreach Committee what their needs are, and evaluate it on a case by case basis. We cannot predict what the future budget will be.

New Business

Committee Duties in GWS: We are all asked to read the committee duties in next couple of weeks and then discuss. We can form an ad hoc committee to work on committee duties.

International Trusted Servant Appeal: A board member has prepared an article to reach out to the international fellowships to get them involved in service. This will go out in the newsletter and can be posted on the website. This can go under Nar-Anon news and also on the world service committees’ page. LitCom will review. This can be submitted to Translation Committee so it can be put in other languages on the website. A link could be from Nar-Anon news to the committees’ page.

Trusted Servants and World Pool Qualifications: A few board members will work on reviewing the application and interview questions from the World Pool Committee to improve on selecting trusted servants within Concept Four.
