

QA Lead

About Us

Nix Hydra is a female founded and led company that makes magical, colorful and bold apps popular with young women. Over 21 million people worldwide enjoy our apps, the most popular of which are two mobile egg pet games, Egg Baby and Egg! And most recently, a rapidly growing romance game called The Arcana. We also collaborated with Tyra Banks to bring the world TyTyMoji, a fierce iMessage emoji sticker app. Nix Hydra is based in Los Angeles and VC-backed by the same investors behind Zynga, Harmonix and Fitbit. We are seeking aware, brave, and team oriented individuals to join us on our wild adventure as we break boundaries and explore frontiers.

Job Description

Nix Hydra is looking for a full-time QA Lead to bring QA expertise to our small team of developers and content creators. We ideally need a versatile team player with the organizational skills to take over a project manager role over time. Our immediate need is to find a person willing to wear many hats, with the desire to learn all aspects of the mobile game business.

Responsibilities:

- Establishing and evolving mobile QA processes.
- Creating comprehensive test strategies, test cases, and test cycles.
- Assigning test cases to individuals who function in other roles outside of QA (e.g. make specific QA assignments to the writer, designer, editor or engineer).
- Help drive and prioritize test automation.
- Track and maintain a test suite of devices, advising management of all new requirements in the QA process (for instance, new devices, new operating systems, etc.).
- Advocating for users by raising flags when poor user experience occurs.
- Advocating for quality through data.
- Acting as point person for audience reported bugs.
- Acting as the release manager for multiple updates to the product.
- Working with limited resources to thoroughly vet the validity of each release.

Qualifications:

- 1-2 years experience working in a QA leadership role.
- Experienced at writing actionable test plans and overseeing the QA process in its entirety.
- Launched at least one mobile product in a QA Lead role.
- Expert on Android/iOS devices.
- Solid understanding and experience with automation.
- Comfortable wearing multiple hats.
- Experience with start-up culture.
- Desire to join a small friendly team.
- Sense of humor.

Perks of joining our team:

- Flexible hours; you decide what time you want to start, then work your 8 hour day.
- Flexible vacations; just give everyone a proper heads up, and be considerate of deadlines.
- Health insurance including medical, dental, vision and chiropractic.
- Stock options to ensure you share in the success of the company.
- A helpful & collaborative team. Work with people who love what they do and are happy to pitch in with ideas.
- Pet friendly office
