

We are looking for an Anesthesiologist to join our team at the South Shore Regional Hospital (SSRH) in Bridgewater, Nova Scotia as of April 1st, 2019. Bridgewater is a town in Lunenburg County along the beautiful South Shore with a population of about 8500 people, serving a catchment area of approximately 65,000. Approximately one hour's drive from Halifax Metro, South Shore Regional provides 24/7 anesthesia coverage for services such as low risk Ob/Gyn and General surgery as well as consultation service to ICU and ED. Other surgical services on site include: Urology, Orthopedics, Plastics, Ophthalmology, Dental and OMF.

Surfing, cycling, hiking, stand up paddleboarding and sea kayaking await you and can be year round activities. It's a short jaunt to Kejimikujik National Park, with a multitude of historic areas to visit. Craft breweries and wineries abound and those who sail (or want to learn) have come to the right place. Art galleries and historical escapes provide hours of entertainment in your down time as you explore the wonderful surrounding communities.

The team consists of 4 physicians with requirement of equal participation in the call rota. Payment structure is an Alternate Payment Plan. Applicants should live within 20 minutes of hospital facilities.

Royal College certified applicants are preferred; candidates must be eligible for licensure with the College of Physician and Surgeons of NS. Support is available for a site visit as well as relocation.
