

Where all children are loved!

HOPE Preschool

Registration FAQ'S

HOW AND WHEN DO I REGISTER MY CHILD AT HOPE PRESCHOOL?

HOPE Preschool's registration process is ongoing throughout most of the school year. Families are encouraged to electronically fill out an age appropriate application from our website for their child. There is no fee to do this. If the preschool has an opening available to offer, a HOPE staff member will call and offer the spot. A tour of the preschool facility would be made available at this time. If the spot is accepted, two items are necessary in order to complete the registration process:

1. A copy of the child's birth certificate
2. A \$125 non refundable registration fee

What happens if an application is submitted and the family doesn't hear back from HOPE Preschool?

HOPE Preschool conducted the initial registration and class offerings in February. Many of the spots fill up with our returning families, siblings of currently enrolled students, alumni of the preschool and public applicants. However, there are still a few remaining openings in certain classes for certain age groups. When applications are submitted to HOPE, they are sorted by age and gender. Although we would love to guarantee equal boy/girl ratios in our preschool classes, we certainly try our very best to make this happen.

Please call HOPE at 703-729-4673 with any questions.
