Welcome!

For new students, we want to extend a warm welcome. For returning students, we want to welcome you back after a fantastic recital and great summer session. Please visit our newly updated website at www.villagedancearts.org

Registration:

You may register with the paper form as in years past, or through our online system, available through our website at www.villagedancearts.org (Online Registration).

VDA Internship program: For older students interested in assisting/demonstrating with younger classes, internships are available. See office for application and more information.

New classes offered:

Beginning level classes in ballet, tap, jazz, modern, hip hop and tumbling. Please see schedule for full selection and more details.

Royal Academy of Dance Examinations:

Ballet students have the opportunity of working towards a Royal Academy of Dance (RAD) graded examination at the Primary level and above. Primary level students must take 2 classes per week beginning 3 months prior to the exam date. Grade 1 level and above require the student to take all technique classes offered per week at their level. All ballet students are highly encouraged to take modern dance classes to supplement their ballet technique. Students studying at a higher level or considering a career in dance may elect to study for vocational exams. Vocational candidates must have consistent attendance in their technique classes 3 to 5 times per week. For students considering taking a vocational exam, parent-teacher conferences will be scheduled before winter break to assess if the student is prepared to participate this year.

We are so excited to see you all in class this year!
