

Wedding Packages

The following pricing is designed with you in mind. I want to give you the best options for your budget. Packages have starting prices as you can have many add ons. If you'd like me for more hours stated in the package, it will be an extra \$200 for each hour.

If I am travelling for you, a set \$400 flight fee (unless it runs over) will be added plus costs of hotel stay and transportation (to/from airport and to/from venue). This will differ depending on what is available near your venue as well as Uber/Lyft cost.

Flights to Georgia and to Pittsburgh will be discounted to \$200 set rate.

If your destination is on my bucket list – a discount will be added from your package!

Elopement Packages

The following pricing for elopements have a little wiggle room. I want to make sure you get your beautiful day outdoors just right. Since there more than likely won't be a venue or tent to run under if it is pouring rain, I give the option for rain checks. As it gets closer to your date and we see that it calls for rain, a reschedule of a day or two will be offered. However, I must have availability for you. Packages have starting prices as you can add hours. If you'd like me for more hours stated in the package, it will be an extra \$200 for each hour. Many elopement locations require fees or permits. These prices do not include these fees and will be an extra added cost.
