CREATIVE AND GRAPHIC DESIGN

margaret-cook.squarespace.com

Born and raised in a small town in New Hampshire, I grew up wanting to do many things. I finally narrowed it down to one of my greatest passions, Graphic Design. After being mesmerized by the packaging in stores as a teen, I soon discovered that I could be the person behind this magical technique. I have a passion for all things design, and like exploring all mediums such as print, web, branding, sculpture, photography and painting.
