## ABOUT

I've been designing for over 5 years and gained experience working with different clients, industries, companies, and products. I work great under pressure, can effectively self-regulate and prioritize tasks. I'm fun, friendly and have a calm working demeanor.

I am an expert user of Adobe Creative Cloud. I have in-depth knowledge of typography, layout design, marketing strategies, web design, product editing, composition, infographics and easy to navigate UI. I'm a quick learner who always puts his clients first.
