Cosmic Geometries

When: through February 26

Where: EFA Project Space (323 West 39th Street, Midtown West, Manhattan)

Hilma’s Ghost, a feminist artist collective cofounded by Brooklyn-based artists Sharmistha Ray and Dannielle Tegeder in 2020, used ritual divination — and an invocation of the spirit of the organization’s departed namesake, the Swedish Theosophist artist Hilma af Klint — to curate *Cosmic Geometries*. Work by a diverse group of 25 creators, including Carrie Moyer, Yevgeniya Baras, and Laleh Khorramian, unites around a shared affinity for the spiritual, the mystical, and the occult in abstraction.
