

RETEXTURIZING SERVICES

Thermal Straightening

Get it super-straight, & eliminate the frizz!

This system permanently retexturizes the hair & transforms it from curly, frizzy, and unruly in to looking super-shiny and sleek, feeling smooth, manageable, hydrated and conditioned. Ask for the thermal straightening transformation!

Cezanne Perfect Finish Keratin Smoothing Treatment

This treatment is TOTALLY different from any keratin smoothing treatment available today.

- Delivers similar results to traditional keratin or Brazilian smoothing treatments - but without any of the dangerous chemicals. It is 100% formaldehyde free, contains no ingredients that create formaldehyde when heated. No special ventilation or masks are required.
- Creates smoother, straighter and frizz-free hair while restoring natural shine to hair and making it healthier and more manageable.

Curl reducer

This unique in salon service that can straighten and smooth curly, coarse hair, as well as, tame unruly curls and waves and controls frizzy hair—with amazing results.

is free—thio-free, lye-free, & provides unsurpassed smoothness and manageability, superior conditioning and shine and is great on virgin and tinted hair. It is not for use on heavily highlighted, bleached, highlift tinted hair or hair previously treated with lye relaxers.
