

ARMOUR SECURITY

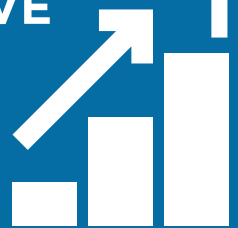

VIRTUAL SECURITY GUARD

VIRTUAL SECURITY GUARD ADVANTAGES

- Virtual Security Guard allows security professionals to initiate a priority response.
- Virtual Security Guard is especially designed to **secure outdoor environments**.
- Virtual Security Guard is a **complete security service** including security response to any intruder video verification.

COST EFFECTIVE AND HASSLE FREE

No power required, **100% wire free!** Since construction sites, vacant buildings and most outdoor sites are uncontrolled environments, video verification is important to **eliminate costly false alarms.**

Call us on **01702 416201** or visit **www.armoursecurity.com** for more information.
