Singing the Blues

The Blues Scale is a cool sounding 6-note scale that is used in contemporary music.

1. Listen to your teacher play and sing the blues scale.
   a) How would you describe the sound?
   b) How does it make you feel?
   c) How would you MOVE to the sound of the blues scale?

2. Look at the scale above and watch your teacher play the scale on the piano.
   Can you find the following intervals:
   i) a tone                       ii) a semitone                     iii) a minor third

3. Sing the blues scale exercises below slowly:
   a) using a “DOO” or “BAA” sound.
   b) using a “DOOT” on quarter notes and “DOO-BAH” on the eighth notes

   All eighth notes should be performed with a swing feel!
