FBC Youth Missions Experiences . . .

. . . exist for the purpose of **spiritual formation** and **self reflection**. Our hope is that our students see various ways that God could use their gifts to bring the Kingdom in their local communities. We hope that our students **learn from the people who live and work in the local communities we experience**, reflect on our own community, and **discover ways we can engage our community for the kingdom here at home**.

Passport MissionBASE

MissionBASE is a thoughtfully planned weeklong missions expedition into the heart of the city that connects your students with unmet needs in ways that respect communities, encourage relationship building and ignites passion for service in the name of Jesus.

Each MissionBASE assignment will focus students on the history, challenges and culture of a particular city. Whether working with literacy programs in Atlanta, prepping food for a kitchen in DC, or hammering a nail in Memphis every MissionBASE trek offers a clear purpose and mission, careful preparation, and experienced staff guides prepared to help lead the way. Groups will rest, recharge, reflect, and discover a deep respect for the culture and people encountered along the way. Together you will have conversations about sharing the kindness of Christ in practical ways.

What To Expect:

Being the hands & feet of Jesus:

Students joining us for MissionBASE: DC will spend two mornings chopping up fresh vegetables at a local food kitchen and two morning speaking with national advocates for religious freedom and racial reconciliation. Every afternoon our MissionBASE teams will converge on an area food bank to help haul, sort, package, and distribute hundreds of pounds of food to ministries addressing the reality of food insecurity among the urban poor.

Sustainable Missions:

PASSPORT is committed to a sustainable model of mission work. To ensure that your week-long trip is a part of a longterm thoughtful strategy, we partner with agencies and organizations that have a proven history of meaningful impact on the community like Martha's Table. Our MissionBASE students and chaperones will play a vital role in assisting their outreach efforts.

Simple Missional Living:

MissionBASE is about community, not luxury. Your group will be working and living at First Baptist DC. You can expect:

- Air-conditioned facilities
- Participants will sleep on floors in Bible Study rooms, gym, or fellowship hall. Bring all of your own bedding (sleeping bag, sheets, pillow, inflatable mattress, air pump, etc).
- Indoor gym
- Shower/Locker room facilities

Cultural Experiences & Free Night:

Your students will have the opportunity to hear from agencies and advocacy groups around the city who are working towards social and religious justice. Additionally, we offer one church group free night so that you can explore DC on your own. Located in the heart of the city, your group will take this opportunity to visit the city's many landmarks, monuments, and other free attractions.

Reflective and Informal Worship:

After a full day, you'll attend a low-key and reflective time of worship. Bring casual come-as-you-are attire to join our team for group discussion and stripped-down worship. Have musical youth or chaperones? Bring your guitars and tell our staff, we would love for you to share!

Increased Responsibility for Adults & Students:

Our experienced MissionBASE staff serve as facilitators and guides. Adult leaders and students form teams responsible for significant portions of community life and are expected to come ready to be the hands and feet of Jesus. Church group adults will be living among their students and will be responsible for their supervision throughout the week. In order to best serve alongside our partner agencies, we ask that church groups bring adults comfortable driving and parking in the city.
