

## Album Cover Assignment 2017

Introduction: Each student will begin by choosing an album cover to recreate using Adobe Illustrator and/or Photoshop. The next step will be to sketch a rough draft of how they will recreate the design. Students should pay careful attention to the use of Layers and make choices as to which program or combination of programs will suit the design they are attempting to recreate.

The goal of the assignment to take our previous experience with Adobe Illustrator and Photoshop and attempt to construct a realistic copy of the original artwork found on an album of the student's choice.

Assignment: You will recreate an album cover of your choice

Album Size 12 inch x 12 inch

No live tracing is allowed for this assignment

2D only no 3D required

Be creative, have fun, make it your best work!

Grading: 100 Point Major Grade
