

School Council 10/10/17

Present: Ellie 3K, Riley 3HW, Ellie 3P, Toby 4H, Preston 4P, Leo 4DJ, Zac 5B, Libby 5C, Alfie 5F, **Summer 5F**, Lucia 6W, Kai 6L, Reece 6P

Minutes:

1. Welcome
2. MC to talk about responsibility - the council must start to use their initiative if we are going to get anything done - the council should be organising things not waiting for MC... **done.**
3. Feedback from Talk Table -changes/suggestions - **worked well - issues raised to be typed up.**
4. Teaching and Learning focus - what are councils' thoughts on the behaviour wheel etc.
5. **Council liked the Behaviour Wheel and thought it was effective in class. They felt that sometimes they were working hard but did not become Learning Stars - this could link in with forthcoming work on Learning Behaviours. What makes a good learner?**

The consensus was that Housepoints may have run their course - they felt that the system was sometimes abused by children putting up lots of housepoints. Also they felt it might be linked in with the Behaviour Wheel in some way. They also felt that there was an imbalance of house representatives in some classes.

We could just keep the colours for PE.

Maybe we could have a referendum next term.
