LIVE COURAGEOUSLY

"Inspire, support and encourage girls to be brave, confident & strong."

We are a really small organisation with a really big mission - to inspire, support and encourage bravery, confidence and strength in girls through sport and adventure.

We want every girl to live with sisu - to chase their dreams, to step outside their comfort zone, to attempt the impossible, knowing that falling is not failing.

In order to reach this goal we are building a passionate, energetic and supportive community and we need your help. We need global Champions to champion sisu.

## SisuGirls Champion
