## JAZZ

Jazz is a distinctive and modular design, developed to suit various space requirements. Jazz's swivel tablet and cup holder allow users to quickly transform a chair into a collaborative space. Jazz's wide choice of leathers and fabrics allows a much more attractive approach with the utmost in flexibility, function, and value.

Jazz is available in a variety of configurations, including the addition of a beautifully sculptured beveled edge tablet arm and cupholder. Jazz's functionality and durability make it the best offering to make any space the right space for productivity and collaboration.

## PARKER

The Parker Collection provides versatile solutions for leisure reception and collaborative spaces. Parkers' elegance is emphasized by its robust yet luxurious wooden veneer frame. Endless configurations and sophisticated design, the Parker Collections' flexibility meets the needs of countless spaces.

Optional power and communication modules maximize connectivity and extend performance in collaborative environments.

## REMINGTON

Remington offers versatility and flexibility in design. From a simple bench grouping to a collaborative lounge configuration, Remington suits various environments and accommodates people as they interact.

With options from lounge chairs, sofa, and settees, our Remington Collection offers you a combination of simplicity and comfort. A broad palette of textile, laminate, glass, and veneer surfaces allow this collection to integrate seamlessly into any environment.
