ARTICLE 19 COMPENSATION IN EXCESS OF BASE SALARY
Effective 7-1-21, increase per diem from $250 to $275.

Effective 7-1-21, increase half day from $150 to $175

Effective summer 2022, compensation for summer courses will be either $2100 per credit or 2.75% of average full time faculty base salary per credit hour (e.g. If the average UA base salary is $90,000, then the cap for a 3-credit summer course would be $7,425.)

ARTICLE 20 BENEFITS

1. Tuition Remission. The only changes to this language would be to reduce the time for tuition remission benefits from the current seven years to five (5) years (no more than ten semesters) and to reduce the maximum credits from 150 to 140, effective July 1, 2021.

As an exception to this change, UVM students who are currently enrolled and who have completed at least one semester of study at UVM as of July 1, 2021, and who otherwise qualify for and remain qualified for tuition remission, may use up to two extra semesters (consecutive) of tuition remission benefits past year 5 and 150 credits.

A side letter on this provision recognizes that dependents with documented disabilities whose UVM accommodations provide for a reduced course load would be eligible to extend the time of tuition remission to 7 years.
