

## The Southern California S-Gaugers are proud to Present The Single Dome SOHIO Tank Car

This is the 3rd in our Series of Gilbert freight cars that were originally produced in HO-Gauge but never offered in S-Gauge. The HO version of this car is highly collectable. There were only 300 cars made in HO. This car is being offered to attendees of the 3rd annual S-Fest West to be held in Southern California on May 21, 2016. This car, manufactured by Lionel, costs \$80.00 and includes registration and mailing fees.
