

1. Print this template onto A4 paper IN PORTRAIT ORIENTATION i.e. with the short edge at the top and bottom.

2. For best results - paper weight must be 100gsm or more.

3. Get the children to do their pictures in the square area below the dotted line on this side of the paper.

4. Use the whole area except 5mm round the edges. The edges and corners are trimmed during production so keep important things like names and ages away from the edges and out of the corners.

5. If you wish the child's name/age to appear on the finished product then it must be added to the actual artwork area below the dotted line. We do not add to or amend any artwork.

6. Use bright colours, felt pens and paint give the best results DO NOT USE PENCIL or PENCIL CRAYON they do not print well. NO GLITTER - it contaminates other artwork and our printers!

7. Complete the order details on the right. You may delete products from the list. You cannot add different products, due to production reasons.

Please tick to acknowledge you have read the advice above

USE ALL THE AREA BELOW THIS DOTTED LINE FOR THE ARTWORK. KEEP 5MM AWAY FROM THE EDGES & CORNERS
