

Partnerships

VOLUME 23, NO. 3

FALL, 2017

How does Equip partner with missionaries?

TOGETHER WE SERVE A PURPOSE NEITHER OF US CAN ACCOMPLISH ALONE!

Meet Bryan, a Ugandan working at a hospital in Uganda. He recently graduated from our Missionary Medicine Intensive (MMI) Course. His letter reflects the greater goals to which effective partnerships aspire:

“Hello Miss Anna and all MMI Staff and partners!! I returned to Uganda and was taken up in the frenzy here at the Medical Center... but I just want to stop and say thanks a lot for all that you added to me while I was at Equip. Sincerely, words cannot express how valuable the course is proving to be. **JUST TODAY**, I was able to reduce a dislocated shoulder. The clinicians did not have an idea and would have sent the poor man on his way with just a pain shot. Thanks. I have also shared many ideas from the course and they have always been helpful. Some of the clinicians look through my notes to compare ideas... sometimes I am also consulted on what the diagnosis for some of the cases could be, and I have been helpful using the protocols. It is great to have met you all and to have had this great opportunity to do MMI.”

TOGETHER WE CROSS BOUNDARIES

Meet Charlie and Kara Nichols who, with their three daughters, are heading to Belize to develop land owned by an orphanage with whom the Nichols partner. Charlie holds an Ag degree from Purdue and, having taken the Farming God’s Way course, sees the

opportunities for nurturing Christian faith in the orphan community as he plants and harvests healthy seed in the undeveloped land surrounding it. Consider the number of boundaries this family is crossing... in order to plant and nourish faith!

Alex & Lynn Miller with 2 of their daughters. They are also blessed with 4 adult children and 7 grandchildren.

“Partnering with missionaries to meet the needs of their community”

WE ASPIRE TO MUTUAL ACCOUNTABILITY

To be mutually accountable, each partner is responsible for their own contribution ... and without that contribution a goal is unreachable.

Meet Alex Miller, who has spent his career faithfully developing partnerships for the advancement of Christian colleges and organizations. As Equip’s new VP for Development, Alex is bringing that ex-

pertise - along with the humility and good humor of a cherished partner - to invite both individuals as well as churches and like-minded organizations, into relationships of mutual accountability in which their financial resources will find in Equip the expression of their longings for excellent training and sending towards a world in relationship with Jesus

Christ.

Alex joined us at the beginning of March this year and has been an important addition to our leadership team. His gifts and experience in leadership and development, along with his heart for the Lord Jesus, have been a wonderful blessing!

WE EXIST TO SERVE YOU

We have trained over 4,400 missionaries who have come to us from over 1,200 mission agencies and churches! Our mission is to partner with missionaries to provide them with practical skills that will assist them in meeting the needs of the

community where they have been called to serve. This is why we partner with Christ-centered mission organizations, churches and entrepreneurial missionaries.

We also have 52 Equip missionaries serving in 16 countries around the

world. We partner with adventurous individuals by sending them to live out their calling as they share the Good News of Jesus Christ.

We also have thousands of ministry partners who pray and support this vital ministry.

WE WOULD LOVE TO PARTNER WITH YOU!

Have you considered being a full time missionary? We would love to talk with you about steps to take to seriously explore cross-cultural ministry.

Check out our webpage!

What if you and a few others from your church were trained to build a concrete dome, fix a well pump, or assist medically? Consider taking one of our training courses so you are prepared to come alongside one of our missionaries for a few weeks.

Are you not able to “go”? Become a Ministry Partner by joining our Support Team. Mission work on the field only happens when a team of people are praying and financially supporting those called to live in a cross-cultural setting. You are needed!
