

PROCLAMATION

Family violence affects everyone: children, youth, individuals, families, and the community. *Family Violence Prevention Month* aims to raise awareness and encourage families, friends, neighbours, co-workers and service providers to reach out to those who are living with family violence.

Whereas: Alberta has one of the highest rates of domestic violence in Canada and in Calgary, police receive more than 18,000 domestic conflict calls per year;

Whereas: The cycle of violence may be carried on from generation to generation;

Whereas: We all have a role to play in ending family violence and creating a safer community for everyone.

On behalf of City Council and the citizens of Calgary, I hereby proclaim the month of November 2016 as:

“FAMILY VIOLENCE PREVENTION MONTH”

NAHEED K. NENSHI
MAYOR
