SUGGESTIONS
For Your Comfort and Convenience
Each car on the Snow Train is numbered on a
white card displayed in the windows.
By noting the number when taking your seat
you can easily identify your car at any time.

Lest you forget, write the number on the back
of the return portion of your ticket.
Confusion and over-crowding will be avoided if
each person will return in the same car as on the
going trip.

Washing Facilities. Washing facilities, camp
style, are available in the baggage car at the
head of the train.
SPECIALS
Served at Any Time During the Day
