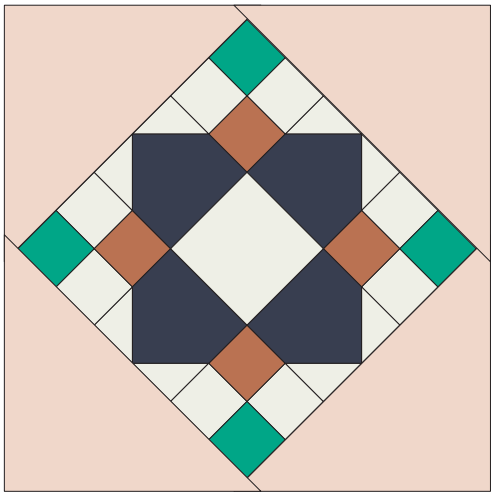
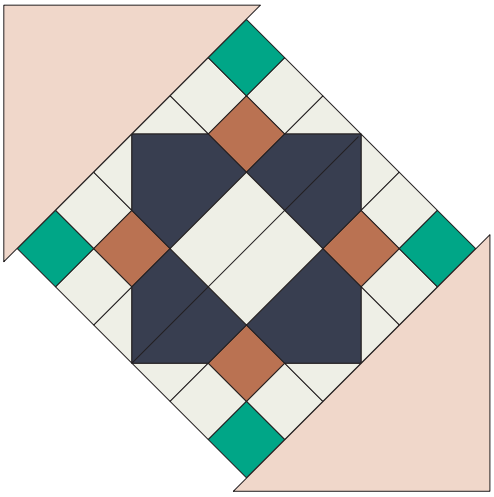
Block Setting





CUT

- **Background**
  - » Twenty-one 9-½" squares cut in half diagonally

Read through all instructions before beginning. Remove selvages. Cut pieces exactly as listed in instructions. Sew pieces right sides together and use an accurate ¼" seam allowance. Note: Instructions for adding borders and finishing of the quilt (with or without borders) will be given in separate PDFs.

BLOCK ON-POINT

1. Fold a pressed block in half twice and finger press to crease. Fold a background corner triangle in half once and finger press to crease. With right sides together, use the crease lines to match the center crease lines of a block and corner triangle on one side of a block. Pin and stitch with a ¼" seam allowance. Press corner open. Repeat on the opposite side.

2. In the same manner as in Step 1, add background corner triangles to the remaining sides of the block, as shown in the first illustration. Press and trim to 17-½" square, leaving a ¼" seam allowance on each side. Make a total of nine full-blocks.

3. Press a half-block in half once and finger press to crease. Sew two corner triangles to the half-block in the same manner as Steps 1 and 2. Press and trim half-blocks to measure 9" x 17-½". Make a total of three half-blocks.

QUILT ASSEMBLY

1. Referring to the Quilt Assembly (Without Borders) Diagram and noting placement of full and half-blocks, lay out the blocks into three vertical rows of four blocks each.

2. Join blocks into vertical rows. Join the rows to make a quilt top without borders.
