EXHIBITION

Concerts, China, France, January 2, 1999
The Sino-French Exhibition of Precious and Painter's Parts.

The China-France Exhibition, opened on January 2, 1999, at the Museum of China and France, marks the beginning of the cultural exchanges between the two countries. The exhibition showcases a variety of precious objects and painter's parts, highlighting the rich cultural heritage of both nations.

Further information can be found at the Museum of China and France's official website.

The Book also includes a special section on "The History and Development of Chinese Music," featuring contributions from renowned scholars and musicians.

CALLS FOR PAPERS - Graduate Students and Undergraduates

Abstracts are due by March 1, 2003, for the April 2003 conference. The conference theme is "The History and Development of Chinese Music." Submissions are welcome from graduate students and undergraduates.

For more information, please visit the conference website.
The Department of Philosophy at the University of California, Berkeley, offers a curriculum in

**Philosophy**

which includes a major in Philosophy and a minor in Philosophy. The major program provides a broad introduction to the major traditions of Western thought and to contemporary issues in philosophy. The minor program offers a more focused study in a specific area of philosophical interest.

Please see the UC Berkeley philosophy department's website for more information.
