Whereas there are only two public printers on campus that are accessible 24/7 by students,

Whereas the printer in the Chateau is the most used on campus, while the printer in Sunderland is used to a lesser extent,

Whereas over half of all respondents to a start of the year Feb survey issued by Sens. Brady and Judy supported a printer in every residence hall,

Whereas the Technology Department is willing to consider moving the Sunderland printer to a new location agreed upon by the authors of this bill and representative of ITS,

**Therefore, be it resolved,**

That the SGA supports the relocation of the Sunderland printer to a location agreed upon by the authors of this bill and representative of ITS,

That if the relocation of the printer receives positive feedback from the student body, and if it be within the financial capabilities of the SGA, the SGA will consider purchasing 3 more printers, printing stations, as well as paying the wage of the staff needed to maintain the printers,

That, by the end of March 2015, the Finance Committee will submit a recommendation to the Senate on SGA’s financially ability to support the new printers on campus. The Senate will hold a vote a meeting after hearing the Finance Committee’s recommendation in order to purchase and support the new printers on campus.

That the initiative be assessed by representatives of the SGA and ITS after a two year period. It would be left to the discretion of the senate, at the time, to decide whether or not to continue financially supporting the wage of the student staff maintaining the printers.

**LEGISLATIVE ACTION.**

*Originally Proposed*

Michael Brady, Speaker of the Senate and Feb Senator
Mohamed Hussein, Brainerd Senator

**November 23, 2014**
