Whereas the name “Constitution Committee” does not fully represent the role of the SGA Constitution Committee,

Whereas the name “Student Organization Oversight Committee” offers a better description of what the SGA Constitution Committee has evolved into,

Whereas we are hopeful that the new name will garner more interest in the Committee,

Whereas the new name will better allow people to understand the role of the Committee and how it serves them,

Be it enacted…

The name of the Student Government Association Constitution Committee be changed to the Student Government Association Student Organization Oversight Committee.

Respectfully submitted,
