Trail Map

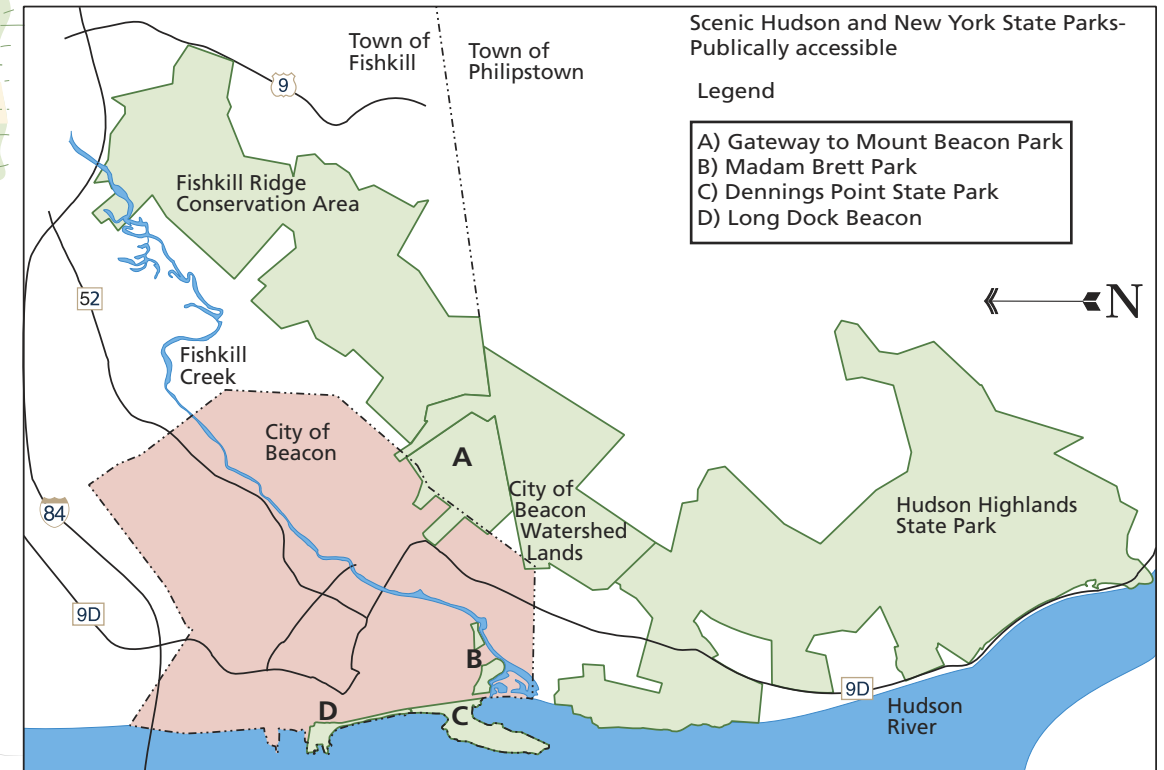

Beaconcrest Hotel, "Casino" and Incline Railway Wheel House

Description of Trail

1 mile

The trail begins in the parking area, following the former access road to the Mount Beacon Incline Railway. At the end of the road visitors can see the remains of the railway and station house where passengers boarded it. A path then leads to the stairway which covers the steepest part of the trail. The stairway includes an observation deck near the top, providing breathtaking views of the valley. The trail then proceeds up the mountain to another observation deck and eventually to the summit and the remains of the Beaconcrest Hotel and "Casino" with even more spectacular views of the valley. Connections can be made to the other trails on Fishkill Ridge from this point. This trail is a strenuous hike. Be prepared, bring water and food as appropriate.
