Biography

Omar Periu proudly wears his rags to riches story for others to hear about and learn from. He went from making \$147 a month at age 21 as a personal trainer to multi-millionaire status by age 31. He & his family fled Castro's regime when he was only seven; they arrived in Miami with no money, no family or friends in America & nothing but what they were wearing when they arrived.

Enduring the taunting of other children, the cold winters of Illinois & the obstacle of language barriers, Omar didn't let it embitter him. Instead, he made the most of his situation. His father, reading from a tattered Spanish copy of Dale Carnegie's book, "How To Win Friends & Influence People", taught Omar an important life lesson. "It doesn't matter who you are, where you're from or what color you are, you can do anything you put your mind to."

Omar sought out & studied the masters; he observed the difference between the performance of top achievers & those barely squeaking by. From there, Omar developed his Zero to Wealth Systems™, The Investigative Selling Principles™, The One Minute Meeting Effective Presentation System™, & From Management to Leadership™ programs.

Omar has dedicated himself to helping others fulfill their dreams by teaching them how to achieve greatness! Omar helps people build a better self, team and company with a fresh take on age-old solutions. He specifically teaches how to set & achieve desired goals while ensuring constant & never ending improvement. More than a motivator, his peers refer to him as "The Master Motivational Teacher." Omar brings audiences to their feet with his indefinable quality of magnetism.
