Presentations
Assistant Fire Chief Judah Pope provided the council with information on Fire Hazard Mitigation. He referenced several areas around town that are potential fire hazards and are in need of underbrush clearing. Some areas of concern include the old railroad behind the Credit Union, Fiddle Creek, USBR Land west of Highway 155, the Tilimus Street loop, and the Lower River Road. The council wanted to make it clear that several of these properties are owned by the USBR and that permission and plans would need to go through them. Pope agreed and has already been making contact with them. Ben Alling moved and Marcia Warnecke seconded to authorize the Fire Department to pursue a plan and report back to council. Motion carried.

**Discussion Agenda**

a. **2019 Budget/Utility Rates**
   Draft Resolutions for setting Electric and Sewer Rates were provided to the council for consideration and review. These rates show an increase in sewer by $11.00 and an increase of $3.93 in the electric base rate. A KWH rate increase of .01 was also included. The general consensus of the council was that increases are necessary in order for the town to keep up with rising costs due to the sewer treatment plant project and the increase in electrical rates imposed by Bonneville Power. Garbage rates were also discussed with the possibility of an increase as well as Sunrise Disposal is requesting a rate increase.

b. **Credit Union Transformers**
   Bob Poch asked the council for permission to seek bids and estimates from engineers for the replacement of the transformers located in the basement of the Credit Union. Ben Alling moved and Marcia Warnecke seconded to proceed with seeking bids. Motion carried.

c. **Wastewater Treatment Plant Updates, Varela Engineers**
   Engineer Daniel Cowger provided the council with an update on the progress on the wastewater treatment plant project. He has been discussing the need for additional funds with USDA Rural Development (RD) to install the needed lift station pumps to accommodate Elmer City’s waste. The discussions have been positive and there could be a potential for a large amount of grant funds. RD has encouraged the town to apply for the supplemental funding. Ben Alling moved and Marcia Warnecke seconded to authorize the Mayor/Mayor Pro-Tem to work with the engineer to apply for Rural Development funds.

   A brief discussion was held on delay costs which could result in approximately $150,000 shortfall in funds if an extension is granted to the contractor.

   Cowger provided a slideshow of pictures showing the progress of the project.

**Staff, Council & Committee Report**

**Clerk**

A liquor license renewal request has been received for Coulee View Food and Fuel. If there are any objections to the renewal, they need to be provided to the Clerk as soon as possible.

**Public Works**

Superintendent Mike Steffens asked what to do with all the Christmas Lights that have been dropped off at his shop. The Parks Board had asked for donations of lights to decorate the trees in Douglas and Mason Parks. Steffens was not aware of it and asked if his crew was expected to hang the lights. None of the councilmembers knew anything on the matter.
Councilmembers
Ben Alling and Fred Netzel will be meeting with the Fire Chief to go over budget requests.

Marcia Warnecke asked about the ownership status of the Melody Restaurant as she heard it had changed owners. The Town has never been officially notified. The Clerk will look into it and check with the attorney.
