The purpose of Buford High School's Drug Screening Program is to further the well-being of the students and to educate and raise awareness of improper drug use including the physiological and legal ramifications of substance abuse. Students will be selected randomly or a drug test may be required if there is reasonable suspicion the student is engaged in the use of any unauthorized drugs. Please be assured the testing will be done outside instructional time and in a discreet, professional manner. Buford City Schools will pay the cost of random drug testing. A student's refusal to test will be treated the same as a positive test result. Additionally, a student who fails to sign and turn in the consent to test form will not be permitted to participate in athletics, extracurricular activities, or acquire a parking permit. By signing the bottom of this letter, you are providing permission for your student to participate in the Buford High School Random Drug Screening Program.

By my signature below, I understand that I am giving my permission for my student to participate in the BHS Drug Screening Program in order to participate in interscholastic athletic activities, extracurricular activities, and/or student parking privileges.
