February 5th, 2018

Dear Rising 9th Grade Parents:

The transition from middle school to high school is an exciting time. Over the next several months, your students will be preparing to start 9th grade. **A parent/student meeting has been scheduled for Monday, March 5th at 7:00 pm in the Buford High School Gym for rising 9th grade students.**

The intent of the parent meeting is to address the pertinent topics that relate to this time in your lives. We plan to do the following:

- Explain the 9th grade registration process
- Encourage students to start planning for high school courses, extracurricular activities, and responsibilities
- Share information about Fresh Start and PE/Health Summer School

If you cannot attend the meeting, the information presented as well as a video describing elective offerings will be posted on the high school website the following day.

Registration for high school courses for the 2018-2019 school year will be completed online using the parental portal on PowerSchool beginning on March 7th. Students and parents may complete the registration process at home. The high school will offer registration assistance on Thursday, March 15th from 6:00pm – 7:00pm for anyone who needs help completing registration. **The registration portal will close on Thursday, March 29th.** There will be a Drop/Add period during the week of April 16th – 20th for anyone who needs to make a change. **All registration requests and changes must be completed by April 23rd.**

To complete registration, parents should log in to PowerSchool as normal and then access the registration screen. Registration directions are enclosed for your convenience. If you need assistance accessing your PowerSchool Account, please contact the school.

Directions to the March 5th meeting & March 15th registration assistance:

Enter the parking lot next to the Buford City Tennis Courts and enter at the Commons Door.

Sincerely,

Carissa Adam, School Counselor Traci Hamby, School Counselor Ashley Sutton, School Counselor
Marty Bozoian, 9th Grade Administrator Michele Earls, 9th Grade Administrative Assistant
