

What's all the buzz about Enthusic Music Classes?

"I love, love, LOVE Heather's music classes.

She has unleashed a singing sensation in my daughter and has inspired her to want to grow up to be a music teacher. The class goes far beyond music. Heather instills confidence and teaches kids about respect and hard work.

Heather is just one of those people you want your child to be around."

-Heather Mallett, mother

"Heather is one of the most amazing teachers I know! She is so positive and she spreads light wherever she goes."

-Emily Vangermeersch, mother & teacher

"Thank you so much for offering "Sing Your Heart Out" music classes at our school.

Our daughter loved every minute she spent with you and her fellow vocalists. We really noticed such a build of confidence from the three sessions she spent with you. The concert was so enjoyable and watching how adorable the kids are really touched my heart. So just a big thank you from one mom to another. I appreciate you!"

-Cheri Siess, mother

"Heather is the most enthusiastic, genuine person I know. She is a talented musician who loves to share her passion of music with those around her."

-Sharon Panik, faculty of University of Northern CO
