DENVER SCALE UP NETWORK

2017-2021: Five Years of Success

CEO: Barbara Brooks,
An IRL and virtual club for women 40 & 50+ that provides access to professional and self-development courses and workshops led by industry experts, resources and on-demand content, and a network of women entering middlescence with vigor. SecondActWomen gives women the opportunity to ReThink, ReTool and ReBoot in order to design their future on their terms.

CEO: John Paasonen
Maxwell was founded in 2015 by homebuyers who were shocked by the complexity of the mortgage process for borrowers and lending teams alike. Somehow, in the mix of paperwork, points and process, the humanity and emotion of the largest financing decision of a person’s life had been lost. Maxwell is a fintech platform with a clear mission: to give every lender in its network a permanent, disruptive financial advantage.

CEO: Amanda Moriuchi
Appit is an award-winning, woman-owned, custom software development company. Appit’s 3-part framework centers around successfully launching software projects that reduce risk and immediately maximize efficiency. Appit’s ideal clients are mature businesses in the $10M+ revenue/$3M+ EBITDA range that are looking to digitize manual or antiquated processes and create scalable growth through web and mobile technologies.
