Installation

Step 7

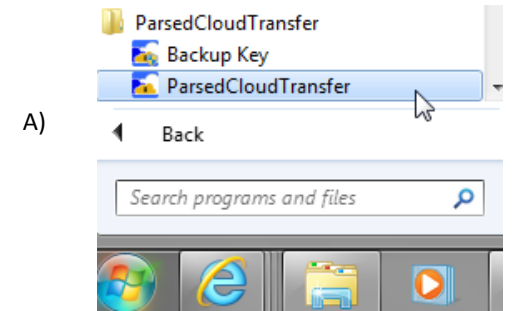

Installation progress bar. No action required

Step 8

Installation has completed. Click "Finish" to exit the Setup Wizard.

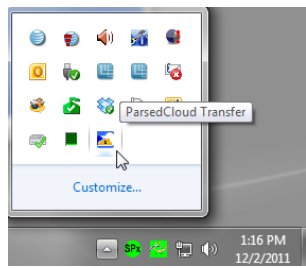

NOTE: Your software must still be activated.

Step 9 — Completed Installation

ParsedCloud is now installed. You can find the ParsedCloud Transfer application in three places:

A) The Windows Start Menu (above).

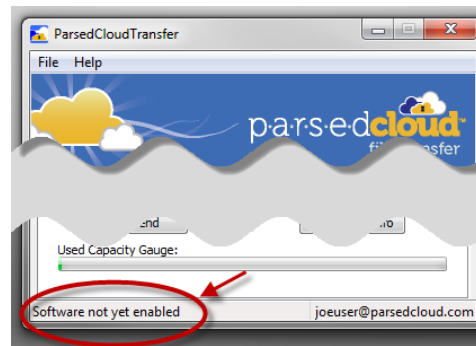

B) Notification Tray Icon

C) Desktop Shortcut Icon

A) Activation Notice in ParsedCloud Transfer:

Software Not Yet Activated

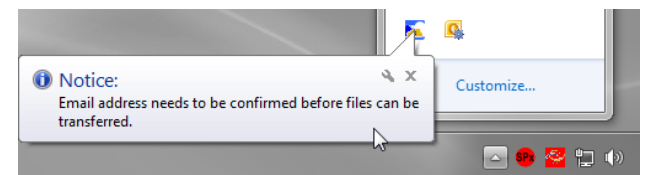

If you have either of these messages, your software still needs to be activated:

- A) In the lower left of the application (above).
- B) A notice in the Notification Tray Area (right).

See "Activation" (next page) for details.

You Must Now Activate Your Account!

B) Activation Notice Pop-up message:

Activation

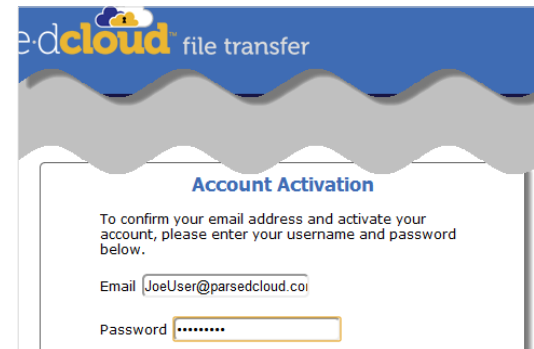

Account Activation:

YOU MUST ACTIVATE YOUR ACCOUNT before you can use ParsedCloud.

Account activation is required to verify that you own the email address entered during installation and that you have been approved for Beta.

Make sure to check your spam filter for separate Activation and a Beta Invitation

Parsed Cloud User Registration - Account Activation
ParsedCloud <noreply@parsedcloud.com>
Sent: Tue 6/14/2011 10:00 AM
To: nevuser@domain.com
